BAY STATE NURSERIES
INCORPORATED
NORTH ABINGTON, MASSACHUSETTS
Telephones: Rockland 26, 27, 28

DONALD D. WYMAN, *President*

WILLARD M. BOND, *Vice-President*

HAROLD D. STEVENSON, *Secretary*

Is Your Confidence Worth 25c?

Most of the time that is all the difference there is in price between so-called "bargains" and the best in plants and services. How much is it worth to be assured that Bay State Nurseries has been in continuous operation since 1894; acquiring and maintaining a reputation for quality materials, practical advice, and skilled workmanship? Many factors enter into the pricing of these items.

For example, plants are usually listed by only one dimension, i.e; height, spread or age, giving no indications as to other aspects of the plant, such as fullness, root system, health and vigor, etc. For all these you must place your confidence in the integrity of the concern with which you are dealing.

Therefore, may we suggest that you examine and compare, giving some thought to the foregoing facts; and that you give Bay State Nurseries the opportunity to show you that we can serve you better.

One Room or An Entire House?

Obviously you must exercise even more care in contracting for landscape work because this may include not only plants but also their use and location, construction of walks, terraces, retaining walls, gardens and other landscape features.

Therefore, just as you would not build a house by considering each room independently of all the others, so too you should not plant anything that does not fit into your overall Landscape Picture.

Guaranteed Landscape Results

That is why Bay State Nurseries employs graduate Landscape Architects, so that every dollar you spend for landscape work will help to create the desired effect.

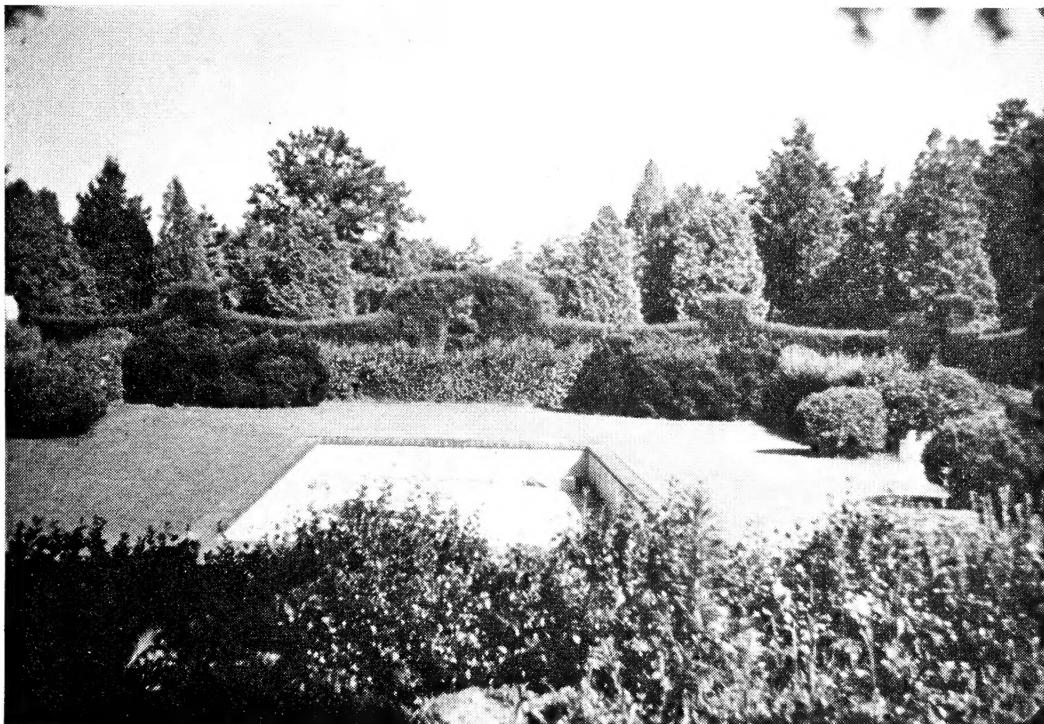

Whether you are contemplating a foundation planting, shrub border, flower garden or the complete development of your property, we are prepared to take over as much of the work as you desire. Our skilled foremen and plantsmen will save you money and insure your satisfaction.

**We guarantee that you will be satisfied with the design, materials and execution
of your landscape work.**

Budget Your Landscape Work

Call Rockland 26 for guaranteed landscape results.

Evergreens

YEAR-ROUND BEAUTY - CONTINUOUS DISPLAY

FOUNDATIONS - HEDGES - WINDBREAKS

SPECIMENS - SCREENS

Evergreens are normally dug, balled and burlapped without extra charge.

ABIES

veitchi

Rapid-growing, dark green tree to 60 feet.
Screen and specimen use.

Size

Each Per 10

Veitch Fir

2 to 3 ft.	\$6.00
3 to 4 ft.	7.50

CHAMAECYPARIS

pisifera

Medium to dark green needles in loose, graceful sprays. For corners or screen planting.

Sawara Falsecypress

2 to 3 ft.	5.50	50.00
3 to 4 ft.	6.50	60.00
4 to 5 ft.	7.50	70.00
5 to 6 ft.	10.00	

pisifera filifera

Thread-like branchlets medium to dark green. Slow growing; excellent for foundations.

Thread Falsecypress

18 to 24 in.	4.50	42.00
2 to 2½ ft.	5.50	50.00
2½ to 3 ft.	7.00	65.00

plumosa

Used in foundation plantings. Foliage a soft, feathery, light green.

Size	Each	Per 10
Plume Falsecypress		
18 to 24 in.	3.50	33.00
2 to 3 ft.	6.00	55.00
3 to 4 ft.	8.00	75.00
4 to 5 ft.	10.00	95.00

plumosa aurea

Rich golden yellow foliage. Attractive accent in foundation planting. Slow growing.

Goldplume Falsecypress		
15 to 18 in.	3.50	33.00
18 to 24 in.	4.00	36.00
2 to 3 ft.	6.00	55.00
3 to 4 ft.	8.00	75.00
4 to 5 ft.	10.00	95.00

JUNIPERUS**chinensis hetzi**

Striking blue overtones make this indispensable for low accents in foundation planting, rock gardens and on slopes. Semi-erect, arching branches on hardy, compact plant.

Hetz Blue Juniper

18 to 24 in.	6.00	55.00
2 to 2½ ft.	8.00	75.00
2½ to 3 ft.	10.00	95.00

ch. pfitzeriana

Low, spreading, fan-shaped gray-green plant. Versatile and hardy. Ideal for foundations, on bankings, in borders and exposed locations. Prefers sun.

Pfitzer Juniper

18 to 24 in.	6.00	55.00
2 to 2½ ft.	8.00	75.00
2½ to 3 ft.	10.00	95.00
3 to 4 ft.	12.00	

ch. pfitzeriana silver blue

Light silvery-blue form of preceding. For accent and contrast in evergreen plantings.

Blue Pfitzer Juniper

2 to 2½ ft.	8.50	80.00
2½ to 3 ft.	11.00	105.00

chinensis sargentii

Dense, low-growing, gray-green ground-cover for banks and rockeries. Slow-growing and permanent.

Sargent Chinese Juniper

15 to 18 in.	5.50	
18 to 24 in.	7.50	
2 to 2½ ft.	10.00	

excelsa stricta

Small conical evergreen for accent in foundation or garden. Steel blue-green prickly needles.

Spiny Greek Juniper

15 to 18 in.	4.50	42.00
2 to 2½ ft.	6.00	
2½ to 3 ft.	7.50	

hor. depressa plumosa

Rich green prostrate cover for slopes and rock gardens. Needles turn a warm purple in winter for effective contrast.

Andorra Creeping Juniper

15 to 18 in.	5.00	48.00
18 to 24 in.	6.00	55.00
2 to 2½ ft.	7.50	70.00
2½ to 3 ft.	10.00	95.00

sabina tamariscifolia

Sparkling silver highlights on dark green needles. Plant is dense and compact but with gracefully arching fronds. Very low and dwarf.

Tamarix Savin Juniper

18 to 24 in.	7.50	
2 to 2½ ft.	9.00	

squamata meyeri

Slow growing, semi-arching. Vivid blue needles.

Meyer Juniper

18 to 24 in.	4.50	
2 to 2½ ft.	6.00	

virginiana

Slender columnar small tree for screens, accents and narrow quarters. Bright blue-green foliage and waxy berries.

Redcedar

5 to 6 ft.	10.00	
6 to 7 ft.	14.00	
7 to 8 ft.	18.00	

PICEA***glauca (canadensis)***

Rapid-growing tree to 50 feet. Succeeds near sea-shore. Outstanding for tall screens and windbreaks.

Size Each Per 10

White Spruce

2 to 3 ft.	4.50	42.00
3 to 4 ft.	6.50	60.00
4 to 5 ft.	9.50	

pungens

Tall symmetrical tree with gray velvety needles. Specimen or screen use.

Colorado Spruce

18 to 24 in.	5.00	
2 to 3 ft.	7.50	
3 to 4 ft.	10.00	

pungens glauca

The most popular evergreen for specimen use, because of its blue-tinged needles. Thrives in exposed locations.

Blue Colorado Spruce

18 to 24 in.	6.00	
2 to 3 ft.	9.00	

PINUS***nigra***

Long, dark green needles on boldly spreading branches. thrives in almost any soil and does well at the seashore.

Austrian Pine

2 to 3 ft.	6.00	
------------	------	--

resinosa

Rapid-growing tree to 60 feet adaptable to use as screen, windbreak or specimens. Succeeds in exposed locations.

Red Pine

2 to 3 ft.	4.50	42.00
3 to 4 ft.	6.00	57.00
4 to 5 ft.	9.00	80.00
5 to 6 ft.	12.00	

strobus

Very soft thick needles and adaptability to shearing makes this useful for large hedges. Also tall specimens.

White Pine

2 to 3 ft.	4.00	
3 to 4 ft.	5.00	
4 to 5 ft.	7.00	
5 to 6 ft.	9.00	
6 to 7 ft.	12.50	
7 to 8 ft.	16.00	

tabulaeformis

Long needled bushy and compact growth make this especially desirable for specimen use and screens. One of the best Pines.

Mongolian Pine

3 to 4 ft.	9.00	
4 to 5 ft.	15.00	
5 to 6 ft.	20.00	

thunbergii

The outstanding tree for planting near salt-water and bleak situations. Graceful, wide-spreading with broad, irregular head.

Japanese Black Pine

15 to 18 in.	3.00	27.00
18 to 24 in.	4.00	36.00
2 to 3 ft.	7.50	70.00
3 to 4 ft.	10.00	90.00

4 year transplants 8 to 12 inches

Sturdy plants with well developed root systems offered at very reasonable cost where a large quantity is required. Roots are wrapped in moss.

{	10 for 7.50
	25 for 15.00
	100 for 50.00

PSEUDOTSUGA**douglasi**

Rapid-growing tree to 60 ft. Resembles Spruce but needles are 3 to 4 in., softer, of medium to dark green. Specimen or windbreak.

Size

Each Per 10

Douglas Fir

2 to 3 ft.	6.00
3 to 4 ft.	8.00

TAXUS**canadensis stricta**

The best evergreen edging for our climate. Very slow growing; can be kept to 12 inches in height. Shipped in moss.

Dwarf Edging Yew		
6 to 8 in.	1.25	11.00
8 to 10 in.	1.50	13.50
10 to 12 in.	2.00	18.00
12 to 15 in.	2.75	25.00

cuspidata (spreading form)

The most satisfactory spreading plant for foundation use; as well as mixed evergreen borders. Olive green new growth contrasts effectively with older dark green needles. Slow growing, sun or shade.

Japanese Yew		
15 to 18 in.	5.50	
18 to 24 in.	6.50	
2 to 2½ ft.	9.50	
2½ to 3 ft.	13.50	
3 to 3½ ft.	17.50	

cuspidata capitata (upright form)

Probably the best upright evergreen for foundation use. Slow growing, compact, easily trimmed, rich dark green. Also for tall hedges in sun or shade.

Japanese Yew		
15 to 18 in.	5.50	
18 to 24 in.	6.50	
2 to 2½ ft.	9.00	
2½ to 3 ft.	12.50	
3 to 3½ ft.	16.00	

cuspidata nana

Extremely slow growing, spreading form; ideal where limited size is important. Sheer beauty of color, texture and form, hardiness and longevity make it one of the most valuable evergreens.

Dwarf Japanese Yew		
12 to 15 in.	5.00	
15 to 18 in.	7.50	
18 to 24 in.	10.00	
2 to 2½ ft.	15.00	
2½ to 3 ft.	18.00	

cuspidata thayerae

Wide spreading and slightly arching branches. Typical Yew foliage.

Thayer Yew		
2 to 2½ ft.	12.50	120.00

hunnewelliana

A semi-erect arching hybrid for foundation and group planting where moderate height is desired.

Hunnewell Yew		
18 to 24 in.	7.50	
2 to 2 ½ ft.	10.00	

media hatfieldi

The most adaptable of evergreens. Slow, extremely compact growth, broadly conical shape, dark lustrous foliage. Unsurpassed for low hedges, at entrance to homes and gardens, along walks and terraces.

Hatfield Yew		
15 to 18 in.	6.00	
18 to 24 in.	7.00	
2 to 2½ ft.	10.00	
2½ to 3 ft.	15.00	

media hicksii

Upright form with almost parallel sides. Desirable for medium hedges, accents or specimens.

Hicks Yew		
18 to 24 in.	6.50	
2 to 2½ ft.	8.00	
2½ to 3 ft.	11.00	
3 to 3½ ft.	14.00	

THUYA***occidentalis***

Its narrow, columnar habit, ease of growth and density occasions its general use for tall hedges, also for tall accents in foundation groupings.

*We have larger sizes available.
Ask for quotation.*

occidentalis columnaris

This variety has darker and more dense foliage. Its compact slender form is ideal for foundations, tall hedges and screen plantings.

occidentalis elegantissima

Bright golden form of the American. For contrast and accent.

occidentalis globosa

Low mound of dense medium green. Remains a small globe for years. For foundations and gardens.

occidentalis nigra

Similar to American Arborvitae but retains its dark green color in winter. For foundation plantings and hedges of medium height.

occidentalis pyramidalis

Densely branched, narrow columnar habit. Rich glossy green. Foundation and hedge use.

occidentalis wareana

Broad, extremely dense, slow-growing and upright. Useful for foundations, accents and hedges.

occidentalis woodwardi

One of the best globe forms. Requires little trimming and seldom reaches 4 feet in height.

TSUGA***canadensis***

The graceful airy branches and broad pyramidal habit create a charming background for flowering trees and shrubs. Can be trimmed as a large hedge or grown for privacy in sun or shade.

caroliniana

More informal growth and darker than preceding. Extremely long, decorative cones. For specimen and background.

Evergreen Shrubs

PERMANENT GREEN FOLIAGE - VARIED HABIT OF GROWTH

COLORFUL FLOWERS - SHOWY FRUITS - SUN OR SHADE

MIXED BORDERS - GROUNDCOVERS - FOUNDATIONS

BERBERIS

julianae

Slow growing shrub to 4 feet. Spiny, glossy leaves, tinged with bronze. Foundation and mixed border planting. Sun or semi-shade.

Size	Each	Per 10
------	------	--------

Wintergreen Barberry

18 to 24 in. BB.	4.50	42.00
2 to 2½ ft. BB.	6.00	57.00

BUXUS

microphylla koreana

The hardiest of the popular Box; grown at Arnold Arboretum for 32 years. Extremely slow growing and dwarf.

Korean Littleleaf Box

6 inch	1.50	13.50
--------	------	-------

semp. suffruticosa

Compact, dense, extremely slow growing. Used for dwarf edging. Does best in sheltered locations.

True Dwarf Box

6 to 8 in.	1.50	13.50
------------	------	-------

DAPHNE

cneorum

Dwarf shrub to 18 inches with delightfully scented pink flowers in May and June. Prefers full sun and well-drained soil.

Rose Daphne

6 to 8 in. BB.	1.75
----------------	------

EUONYMUS***fortunei radicans***

Small leaves, dark green with white lines beneath. Prolific grower, clinging to masonry and walls.

fortunei carrieri

Larger more glossy leaves. Will grow as low bush unless supported like a vine. Can be trained as a low hedge.

fortunei coloratus

Prostrate variety with bronze winter foliage. Excellent vine or ground cover.

fortunei kewensis

Small, delicately branched creeping vine for rock garden or edging.

fortunei vegetus

Trailing or climbing vine which can be trimmed into hedge or bush form. An abundance of orange-scarlet berries in Autumn.

ILEX***crenata convexa***

Semi-erect spreading shrub whose glossy green leaves resemble Box. Use in sun with other evergreens.

glabra

Dense dark green foliage on informal, upright, rounded plant. Lustrous black berries. As a medium hedge; with other evergreens in sun or shade.

opaca

Narrow pyramidal tree to 20 feet, with short spreading branches covered with spiny, lustrous leaves. Glittering scarlet fruit in fall.

KALMIA***latifolia***

Billows of pink and white clusters of crinkly waxy flowers in June. Informal habit of growth is ideal for mixed evergreen plantings in sun or shade.

LEUCOTHOE***catesbeiae***

Open arching low shrub for mixed border planting or shady slopes. Pendulous, white, fragrant flowers in May.

Rhododendrons and Azaleas

EVERGREEN RHODODENDRONS - DECIDUOUS AZALEAS

GLORIOUS FLOWERS - DISTINCTIVE FOLIAGE

FOUNDATIONS - SPECIMENS - MIXED BORDERS

Normally dug B-B; prefer semi-shade; rich soil; no manure.

RHODODENDRON

carolinianum

Small shiny leaves on compact plants to 5 feet. Flowers clear pink, in mid-May, literally cover the shrub. Extremely choice.

catawbiense

Huge showy flowers in various shades of rosy lilac in early June. To 6 feet. Leaves large and dark green. Prefers shady locations. Very hardy.

laetevirens

4 foot spread at 4 inches yearly. Low dense mound covered with deep rose flowers in late June.

maximum

Its large size and huge leaves create bold masses of dignity and elegance. For evergreen background planting. White to blush-pink flowers in late June and July.

Size	Each	Per 10
------	------	--------

Carolina Rhododendron

Hybrid Rhododendrons

Hybrid Rhododendrons are the aristocrats of the plant world. Their colors are the most showy and beautiful of all the Rhododendrons, and offer a variety, depth and purity of color not otherwise obtainable. Our plants are compact, decorative, and flower when very young.

We are very fortunate in being able to offer a wide selection of colors, as follows:

Crimson	Rose	Dark red
White	Lilac-rose	Lavender

Prices of these hybrids 18 to 24 in. 12.00 each.

Hybrid Seedling Rhododendrons

These plants have been grown from seeds of Hybrid Rhododendrons which are hardy and ideally suited to this climate.

Bushy, compact plants with colors ranging from pink, through lilac, to lavender.

	Each	Each
15 to 18 in.	\$6.00	2 to 2½ ft.
18 to 24 in.	7.50	\$ 9.00

Azaleas

Azaleas provide a range of colors seldom found in nature. By proper selection you can achieve a profusion of vivid flowers from early April to July.

The opportunities for using Azaleas are almost unlimited. Their graceful habit appears to good advantage in wooded areas, borders or gardens, while many are most decorative in a foundation planting where evergreens provide a dark background for their brilliant blossoms.

AZALEA

arborescens

Intensely delicious fragrance, pinkish white flowers in mid-June.

gandavense

Upright habit, in a vivid color range of coppery red, creamy pink and white. Late May and June.

mollis

Low plant laden with large bright flowers of yellow and orange. Perfectly hardy.

mucronulata

First to flower, in mid-April. Rose-lavender flowers blend with Forsythia. Low plant.

yedoensis poukhanensis

Compact and low-growing, laden with orchid-like flowers from middle to late May. Its form, color and attractive foliage make this one of the choicest.

--------------	------

*Gleditsia t. inermis — Honey Locust***ACER*****dasycarpum***

Quick-growing, gracefully slender tree to 80 feet. Golden Autumn foliage. For rapid screening.

ginnala

Small bushy tree with brilliant pinkish-red samaras in the fall. Excellent for large hedges.

negundo

Rapid growing tree for almost any soil or location. Ideal for large screen plantings.

palmatum atropurpurea

The brilliant red, gracefully cut foliage and medium height are reasons for its great popularity.

platanoides

Most popular street tree. Broad round head casts dense shade. Does well in difficult situations including city and shore.

platanoides schwedleri

A form of the Norway Maple with strong red leaves in the Spring, later turning dark green.

6 to 8 ft.	8.00	75.00	
8 to 10 ft.	10.00	95.00	
10 to 12 ft.	15.00		

		Size	Each	Per 10
pl. schwedleri nigra	(Pat. No. 735)		Crimson King Maple	
The outstanding tree introduction of a generation. The dark red foliage color is retained throughout the summer, and the tips of the branches glisten like red flowers. Superb for a lawn, street or specimen tree. Perfectly hardy.		4 to 5 ft.	5.00	
rubrum			Red Maple	
The leaves of this tree are green until fall, when they become the most brilliant in the landscape; in shades of red, crimson and scarlet.		6 to 8 ft.	5.00	45.00
		8 to 10 ft.	7.50	70.00
		10 to 12 ft.	10.00	95.00
		12 to 14 ft.	12.00	115.00
saccharum			Sugar Maple	
An excellent shade and street tree, higher headed than the Norway. Foliage turns bright yellow and scarlet in autumn.		6 to 8 ft.	6.00	55.00
		8 to 10 ft.	8.50	80.00
		10 to 12 ft.	12.00	115.00
BETULA			Canoe Birch	
papyrifera		5 to 6 ft.	6.00	55.00
The creamy-white bark of the mature Canoe Birch and its slender, graceful form make this a favorite specimen tree.				
populifolia			Gray Birch	
Slender tree with smooth, grayish-white bark and glossy leaves. Rapid grower. For graceful accent or contrast.		6 to 8 ft.	5.00	45.00
		8 to 10 ft.	7.50	70.00
		10 to 12 ft.	10.00	
		6 to 8 ft. clumps	10.00	
		8 to 10 ft. clumps	15.00	
pubescens (alba)			European White Birch	
Tall graceful tree with spray-like branches and snow white bark. Graceful drooping habit.		12 to 14 ft. BB	30.00	
<i>All Birches are dug balled and burlapped at prices quoted.</i>				
CARPINUS			European Hornbeam	
betulus		12 to 14 ft. BB	30.00	
Small tree branching to ground like Beeches. Useful for dense screens. Golden autumn foliage.				
CATALPA			Western Catalpa	
speciosa				
A rapid-growing tree with leaves 10 inches long. Up to 60 feet in height. Handsome white flowers in large clusters in June.		6 to 8 ft.	5.00	
		8 to 10 ft.	6.00	
		10 to 12 ft.	8.50	
		12 to 14 ft.	12.00	
CELTIS			Hackberry	
occidentalis				
Quick growing shade tree of medium height, splendid for small properties.		8 to 10 ft.	8.50	
		10 to 12 ft.	10.00	
		12 to 14 ft.	14.00	
CERCIDIPHYLLUM			Katsura Tree	
japonicum		5 to 6 ft.	7.50	
Unusual and attractive shade tree of pyramidal form with glossy, bright-green, heart-shaped leaves. Especially showy in the fall with orange and scarlet foliage.				

CERCIS***canadensis***

A beautiful ornamental small tree. Laden with red pea-shaped blossoms before the leaves appear.

Size	Each	Per 10	Per 100
------	------	--------	---------

Redbud or Judas Tree

5 to 6 ft.	5.50
6 to 7 ft.	7.50

CHIONANTHUS***virginicus***

This shrub-like tree is one of the best all-purpose ornamental trees. The large glossy dark foliage forms a superb setting for the delicate white, fringed flowers in early summer.

White Fringe

3 to 4 ft.	2.00	18.00
4 to 5 ft.	3.00	25.00
5 to 6 ft.	4.00	36.00
6 to 7 ft.	6.00	55.00
7 to 8 ft.	9.00	85.00

CLADRASTIS***lutea***

Medium sized shade tree of the Locust family, with feathery leaves casting graceful patterns of light and shade. Fragrant white pea-blossoms in June.

Yellow Wood

5 to 6 ft. BB	10.00
6 to 8 ft. BB	12.00
8 to 10 ft. BB	17.50

CORNUS

The Flowering Dogwoods are considered by many to be the most attractive and desirable of all Flowering Trees. The distinctively beautiful flowers, gracefully informal branching, extent of blooming period and adaptability afford all an opportunity to enjoy them.

florida

Outstanding for the large snowy-white flowers produced in May before the leaves. Glittering berries cluster in a nest of colorful autumn foliage of pink crimson and maroon. Informal in habit and pattern of branches. For specimen or border.

White Flowering Dogwood

3 to 4 ft. BB	6.00
4 to 5 ft. BB	8.00
5 to 6 ft. BB	11.00
6 to 7 ft. BB	14.00
7 to 8 ft. BB	18.00

florida rubra

Perhaps the most breath taking of all flowering trees. The deep rose flowers create an effect almost beyond description, when planted alone, with the white flowering variety or with evergreens.

Red Flowering Dogwood

3 to 4 ft. BB	9.00
4 to 5 ft. BB	12.00
5 to 6 ft. BB	15.00

kousa

Flowers in June, after the other Dogwoods; but equally beautiful. Large creamy-white blossoms.

Kousa Dogwood

3 to 4 ft. BB	6.00
6 to 8 ft. BB	15.00

kousa chinensis

An even finer specimen, with larger and broader, creamy flowers in late June. Red autumn fruits.

Chinese Kousa Dogwood

6 to 8 ft. BB	18.00
8 to 10 ft. BB	35.00

CRATAEGUS***arnoldiana***

Small, 20 feet, broad-crowned tree with ascending branches. White flowers in May, and abundant red fruit in autumn.

Arnold Hawthorn

4 to 5 ft. BB	6.00
5 to 6 ft. BB	9.00
6 to 8 ft. BB	12.00
8 to 10 ft. BB	15.00

coccinea

Large foliage, and white blossoms in May, followed by scarlet fruits in the fall. Make an impenetrable hedge.

crusgalli

Long sharp thorns and lustrous foliage, which turns orange and scarlet in the fall. Best Thorn for seashore planting.

oxyacantha

Small, choice tree for specimen use because of its large white flower clusters in Spring.

oxyacantha pauli

Small fine tree noted for its very double, deep crimson flowers and luxuriant foliage.

phaenopyrum (cordata)

The best variety for autumn fruit, which persists far into the winter. Considered one of the finest native Thorns. Dense twiggy growth. For specimen use.

FAGUS**grandifolia (americana)**

Large spreading tree of symmetrical habit. Its rich yellow autumn foliage and smooth gray bark add to its attractiveness.

sylvatica

Slow growing, symmetrical trees, branching to the ground. Leaves are smaller than American variety, and last into winter. Excellent for screens, clipped hedges and specimens.

FRAXINUS**americana**

Distinguished by a straight, clean trunk, slender habit and soft green foliage turning golden yellow in autumn.

GINGKO**biloba**

Once established it grows into a graceful, high-crowned, straight-trunked street and shade tree. Leaves golden yellow in fall.

GLEDTISIA**triacanthos**

A fast-growing tree with fragrant pea-like flowers. Thrives along the ocean despite spray, wind or poor soil. See illustration, page 13.

Size	Each	Per 10
------	------	--------

12 to 14 ft. BB	35.00
14 to 16 ft. BB	50.00

White Ash

8 to 10 ft.	6.00	55.00
10 to 12 ft	8.00	75.00

Maidenhair Tree

6 to 8 ft.	7.50	70.00
8 to 10 ft.	10.00	95.00
10 to 12 ft.	12.00	115.00

Honeylocust

5 to 6 ft.	5.00	45.00
6 to 8 ft.	7.50	70.00
8 to 10 ft.	10.00	

	Size	Each	Per 10
triacanthos inermis			Thornless Honeylocust
The absence of thorns adds to its desirability as a rapid-growing shade tree. We recommend it most highly for general use inland as well as at the seashore, where it will thrive.	5 to 6 ft.	7.50	
	6 to 8 ft.	9.00	
	8 to 10 ft.	12.00	
triacanthos var. Moraine	(Pat. No. 836)		Moraine Locust
Experts predict that this tree will replace the American Elm as the most graceful shade tree. Its form is vase-shaped like the Elm; fast-growing and adaptable to a wide variety of soils. Other reasons for its certain popularity are: absence of thorns and unsightly seed pods, ease of transplanting, interesting, lacy foliage patterns and handsome appearance.	6 to 7 ft.	9.00	
HALESIA			
tetrapeta			Great Silverbell
Lawn tree of medium size with pearly white blossoms in May. Gray bark.	4 to 5 ft.	3.00	27.00
	6 to 8 ft.	9.00	
	8 to 10 ft.	12.00	
	10 to 12 ft.	20.00	
JUGLANS			Black Walnut
nigra			
Tall, slender tree with large rugged leaves, grown for ornament and edible nuts.	5 to 6 ft.	4.00	
	6 to 8 ft.	6.00	
LABURNUM			Goldenchain Tree
vossii			
Exquisite, pendulous clusters of golden yellow flowers like Wistarias. The 18 to 20 inch clusters are borne profusely in late Spring.	8 to 10 ft.	18.00	
LIRIODENDRON			Tulip Tree
tulipifera			
The glossy and unusually-shaped leaves give the name to this large symmetrical tree, ideally suited for shade and specimen use.	5 to 6 ft.	5.00	
	6 to 7 ft.	7.50	
MAGNOLIA			Saucer Magnolia
soulangeana			
Picturesque small tree blanketed in early Spring by giant rose-pink flowers. Glossy, dark green leaves follow.	2 to 3 ft. BB	7.50	
	3 to 4 ft. BB	9.00	
	4 to 5 ft. BB	12.00	
	5 to 6 ft. BB	15.00	
soulangeana alba superba			White Saucer Magnolia
The creamy-white flowers have a universal appeal, whether to round out a Magnolia group or as a single specimen.	2 to 3 ft. BB	9.00	
	3 to 4 ft. BB	12.00	
soulangeana lennei			Lenne Magnolia
Similar to above, but flowers are rosy-purple. Unusual and beautiful.	4 to 5 ft. BB	15.00	

MALUS

Size Each Per 10

Flowering Crabs are small trees covered in May with clusters of blossoms varying from white to deep crimson. They transplant well and are perfectly hardy anywhere in New England. Decorative bright fruits in autumn. Prefer sun.

atrosanguinea

Bright crimson blooms make this one of the brightest of the Crabs. Upright form with broad head.

Carmine Crab

5 to 6 ft.	8.00
6 to 8 ft. BB	12.00

baccata

Flowers pink in bud, opening pure white and fragrant. Yellow and red fruit. Upright growth.

Siberian Crab

4 to 5 ft.	5.00	45.00
5 to 6 ft.	8.00	75.00
6 to 8 ft. BB	12.00	115.00

floribunda

Profuse bright pink buds opening to white flowers on slender stems. Pinkish-red fruits. Spreading habit.

Japanese Flowering Crab

5 to 6 ft.	5.00	45.00
6 to 8 ft.	7.50	70.00

halliana parkmanii

One of the showiest of all. Glorious semi-double bright pink blossoms. Slender, upright form.

Parkman Crab

6 to 8 ft. BB	12.00
---------------	-------

hopa

Sturdy upright tree with dark pink flowers, followed by slightly purple leaves.

Hopa Crab

4 to 5 ft.	5.00	45.00
5 to 6 ft.	8.00	75.00
6 to 8 ft. BB	12.00	

ioensis plena

Upright, vase-shaped tree with fully double, fragrant, delicate pink flowers.

Bechtel Crab

4 to 5 ft.	5.00	45.00
------------	------	-------

Pink Weeper

Pendulous branches create a fountain-like effect. Crimson flowers form a colorful cascade.

Pink Weeper Crab

5 to 6 ft.	8.00	75.00
6 to 7 ft. BB	12.00	115.00

pumila niedzwetskyana

Deep-pink flowers and dark purple leaves on sturdy upright tree. Large red fruits in the fall. To 25 feet.

Redvein Crab

4 to 5 ft.	4.50
------------	------

purpurea

The brilliant foliage remains a rich reddish-purple. Flowers are deep red, as is the fruit.

Purpleleaf Crab

4 to 5 ft.	5.00	45.00
5 to 6 ft.	8.00	75.00

purpurea eleyi

A purple-leaf variety with extremely large dark red flowers; apricot-colored fruit.

Eley Crab

4 to 5 ft.	5.00	45.00
5 to 6 ft.	8.00	75.00

Red Silver

Red foliage overtoned with silver. Clusters of red blossoms. Small red fruit.

Red Silver Crab

4 to 5 ft.	5.00	45.00
5 to 6 ft.	8.00	75.00

Rosybloom

Radiant, live-red flowers. Broadly spreading, small tree.

Almey Crab

4 to 5 ft.	5.00	45.00
5 to 6 ft.	8.00	75.00

sargent

Dwarf, broad spreading tree covered with billows of snowy white blooms. Abundant red fruit in autumn. Bushy growth.

Size	Each	Per 10
3 to 4 ft.	5.00	45.00
4 to 5 ft.	8.00	75.00
5 to 6 ft.	12.00	115.00

scheideckeri

Early-flowering, upright, slender tree with double pink blooms and yellow fruit.

Scheidecker Crab
5 to 6 ft. 8.00 75.00

toringoides

Small upright tree with finely-cut leaves adding interest after the white flowers. Many red fruits.

Cutleaf Crab
5 to 6 ft. 8.00
6 to 8 ft. BB 12.00
8 to 10 ft. BB 20.00

OXYDENDRON**arboreum**

Slender graceful tree of medium height. Long curving racemes of white flowers in July and August. First tree with scarlet autumn foliage. Does well in shade.

Sourwood
3 to 4 ft. BB 4.00 36.00
4 to 5 ft. BB 5.00 45.00
5 to 6 ft. BB 6.00 57.50
6 to 8 ft. BB 7.50
8 to 10 ft. BB 10.00

POPULUS**nigra italicica**

Narrow upright tree used where rapid growth is essential. Used for screening purposes. Grows most anywhere.

Lombardy Poplar
8 to 10 ft. 3.00 27.00
10 to 12 ft. 5.00 45.00
12 to 14 ft. 7.50 70.00

PRUNUS**pissardi, Thundercloud**

Darkest foliage of the purple leaf Plums, preceded by glowing pink flowers in early Spring. Unusually interesting.

Purpleleaf Plum
4 to 5 ft. 5.00 45.00
5 to 6 ft. 8.00 75.00
6 to 8 ft. BB 12.00 115.00

sargentii

Handsome, early flowering tree, light clear pink.

Sargent Cherry
2 to 3 ft. 3.00
3 to 4 ft. 5.00

serrulata Higurashi

One of the best for form and flower. Graceful, airy clouds of large double flowers of clear, light pink.

Japanese Flowering Cherry
5 to 6 ft. 7.50

serrulata, Kwanzan

Gracefully covered, in Spring with showy, airy, double pink flowers. Vigorous grower.

Pink Flowering Cherry
5 to 6 ft. BB 8.00 75.00
6 to 7 ft. BB 12.00 115.00

subhirtella pendula

In early Spring the graceful, pendulous branches are almost completely covered by a profusion of rose-pink blossoms. Trees are branched completely to the ground.

Weeping Higan Cherry
5 to 6 ft. 7.50

QUERCUS**borealis (rubra)**

Majestic, broad-headed tree to 80 feet. Quick-growing when established. Durable, long-lived shade and street tree. Withstands wind well.

Red Oak
8 to 10 ft. 10.00
10 to 12 ft. 14.00
12 to 14 ft. 18.00
14 to 16 ft. 24.00

palustris

One of the most satisfactory shade trees. Handsome, durable and quick-growing. Slightly pendulous branches with finely cut dark leaves.

Size	Each	Per 10
Pin Oak		
6 to 8 ft.	8.00	
8 to 10 ft.	12.00	
10 to 12 ft.	15.00	
12 to 14 ft.	20.00	

Larger sizes are available from 4 to 8 inches in caliper. Beautiful heavy specimens. Ask for quotations.

SALIX***babylonica***

Useful for quick-growing screens and backgrounds. Long slender branches of olive green.

caprea var.

This is the cultivated French variety with longer, more lustrous silvery-pink catkins. Favored for cutting.

niobe

Most popular Weeping Willow, with its slender, golden branches sweeping to the ground. Attractive at all seasons.

pentandra

Anyone wanting almost immediate privacy should plant some of these rapid-growing shrub-like trees.

SORBUS***americana***

The trees we carry are a finer, selected strain which are literally covered with extremely showy orange-yellow fruits in late summer.

aucuparia

Outstanding display of orange berries from July to winter. Small, slender tree with white flowers in May.

SYRINGA***amurensis japonica***

Valuable for its June and July creamy-white flowers borne in 10 inch panicles. For specimen and border planting.

ULMUS***americana***

Familiar lofty, spreading tree of graceful beauty. Tolerant of soil and location.

pumila

Grows rapidly into a medium-sized round-headed, desirable shade tree. Extremely healthy and vigorous.

Babylon Weeping Willow

6 to 8 ft.	3.00	27.00
8 to 10 ft.	5.00	45.00
10 to 12 ft.	7.00	65.00

15 to 18 in.25	3 to 4 ft.50
18 to 24 in.35	4 to 5 ft.70
2 to 3 ft.40	5 to 6 ft.90

ACANTHOPanax

sieboldianus

Upright arching shrub, to 8 feet, with spiny branches. Sun or shade; good or poor soil.

Size Each Per 10

Fiveleaf Aralia

2 to 3 ft. 1.25 11.00

AMELANCHIER

canadensis

Large shrub with snowy-white flowers in early Spring. Purple fruits in June.

3 to 4 ft.

1.50 13.50

4 to 5 ft.

2.00 18.00

AMORPHA

canescens

Handsome low shrub with showy spikes of blue flowers in June.

3 to 4 ft.

Lead Plant

2.00 18.00

ARONIA

melanocarpa

Narrow open habit. Grown for black fruits in naturalistic surroundings.

4 to 5 ft.

Black Chokeberry

1.50 13.50

5 to 6 ft.

1.75 16.00

BERBERIS

mentorensis (plant patent No. 99)

Erect hedge plant with semi-evergreen leaves, full to the ground.

18 to 24 in.

Mentor Barberry

1.25 11.00

thunbergi

Generally used for hedges. Foliage rich green turning red in Fall. Red berries hang on all winter.

Size	Each	Per 10	Per 100
Japanese Barberry			
12 to 15 in.	.50	4.50	40.00
15 to 18 in.	.65	6.00	55.00
18 to 24 in.	.80	7.50	70.00
2 to 3 ft.	1.00	9.50	

thunbergi atropurpurea

Like the preceding, except that leaves are dark red all summer. Always a cheery note; prefers full sun.

18 to 24 in.	1.25	11.00
2 to 3 ft.	1.50	13.50

thunbergi erecta

Upright growth is especially suited to hedge use. Leaf color is dark and rich at all times. Recommended highly.

Truehedge Columnberry

15 to 18 in.	.75	6.50	55.00
18 to 24 in.	.90	8.00	70.00
2 to 2½ ft.	1.25	11.00	90.00

BUDDLEIA

Beautiful shrubs flowering July to September in sunny locations. Send up new shoots each year.

CHARMING	Brilliant pink	3 yr.	1.25	11.00
ILE DE FRANCE	Rosy Purple	3 yr.	1.25	11.00
ROYAL RED (Pat. No. 556)	Dark Royal Purple	3 yr.	1.25	11.00
SNOWBANK	Lustrous white	3 yr.	1.25	11.00

CALYCANTHUS***floridus***

Sun or partial shade. Chocolate flowers are pineapple scented, July to September.

Butterflybush

2 to 3 ft.	1.75	
------------	------	--

CARAGANA***arborescens***

Tall hardy shrub; bright green leaves and yellow June flowers. Also for light soils.

Sweetshrub

2 to 3 ft.	1.75	
------------	------	--

CHAENOMELES (Cydonia)***lagenaria***

A profusion of glowing color, orange to red, in early Spring. Spreading, spiny branches; golden fruit. Groups or specimen.

Siberian Pea-Tree

2 to 3 ft.	1.50	13.50
6 to 8 ft. heavy	7.50	

lagenaria — red

These plants selected for their unusually vivid scarlet flowers. Excellent for cutting.

Flowering Quince

18 to 24 in.	1.25	11.00
2 to 3 ft.	1.75	16.00

CLETHRA***alnifolia***

Native Sweet Pepper bush with spikes of creamy white, fragrant flowers throughout July and August. For shady and damp places.

Red Flowering Quince

2 to 3 ft.	1.75	16.00
3 to 4 ft.	2.00	18.00

CORNUS***alba***

Erect, scarlet branches and blue-white berries. Vivid winter color.

Summersweet

18 to 24 in.	1.00	9.00
2 to 3 ft.	1.50	13.50
3 to 4 ft.	2.00	18.00

Tatarian Dogwood

3 to 4 ft.	1.50	13.50
------------	------	-------

	Size	Each	Per 10	Per 100
\ mas

Edible nuts of fine flavor are borne abundantly in the Fall. Dark purple leaves on tall-growing shrub for background planting.	5 to 6 ft.		4.00	
COTINUS				
coggygria				
Most unusual and attractive because of its clouds of misty, purplish flowers in August and September. In autumn the leaves change to red, brown and yellow.	3 to 4 ft.		2.50	
COTONEASTER				
apiculata				
Beautiful hardy dwarf shrub to about 4 feet with arching branches laden in the fall with shiny crimson fruits.	15 to 18 in. 18 to 24 in. 2 to 3 ft.		4.00 5.00 7.50	
divaricata				
Universally satisfactory whether planted singly or in groups; in foundations and gardens. Thrives near the seashore. Tiny rose-pink flowers followed by an abundance of brilliant scarlet fruits.	18 to 24 in. 2 to 3 ft. 3 to 4 ft.		2.00 3.00 4.50	18.00 27.00 40.00
horizontalis				
Extremely prostrate dwarf shrub perfectly suited to rock gardens and ground covers. Glossy leaves, pinkish-white flowers and sparkling red fruit.	9 to 12 in. 12 to 15 in. 15 to 18 in.		1.75 2.50 3.25	16.00 22.50 30.00
DEUTZIA				
gracilis				
Small compact shrub whose slender, arching branches are profusely covered by pure white flowers in early summer.	12 to 15 in. 15 to 18 in. 18 to 24 in.		1.25 1.50 2.00	11.00 13.50 18.00
Cornelian Cherry				
Gray Dogwood				
Redosier Dogwood				
Yellowtwig Dogwood				
Purple European Filbert				
Smoke Tree				
Cranberry Cotoneaster				
Spreading Cotoneaster				
Rock Cotoneaster				
Slender Deutzia				

	Size	Each	Per 10
lemoinei			
Early blooming, vigorous small shrub with great sprays of snowy white flowers along its branches.	18 to 24 in. 2 to 3 ft.	1.50 2.50	13.50 22.50
scabra, Pride of Rochester			
A tall, wide spreading bush; large, double, fringed pink and white flowers in June.	2 to 3 ft. 3 to 4 ft. 4 to 5 ft. 6 to 8 ft.	1.50 2.00 2.50 5.00	13.50 18.00 22.50 45.00
ELAEAGNUS			
angustifolia			
Spreading, upright bush to 15 feet, with gray, woolly leaves and yellow flowers. Unsurpassed for seaside planting.	3 to 4 ft. 4 to 5 ft.	1.75 2.00	16.00 18.00
umbellata			
Vigorous shrub to 12 feet, excellent near salt water. Powdery-green leaves and glowing amber berries.	3 to 4 ft. 4 to 5 ft. 5 to 6 ft.	2.75 3.75 4.25	25.00 35.00 40.00
ENKIANTHUS			
campanulatus			
Splendid shrub with interesting features at all season; brilliant red twigs; bell-like yellow flowers; scarlet, orange and yellow leaves in autumn.	5 to 6 ft. BB 6 to 7 ft. BB	12.00 15.00	
EUONYMUS			
alatus			
An outstanding plant for specimen or tall background. Densely branched and compact; winged, corky bark and burning red autumn foliage.	18 to 24 in. 2 to 3 ft.	2.50 3.50	22.50 32.50
alatus compactus			
Dwarf, slow-growing type whose brilliant red fall foliage always evokes admiration. For specimens and accents in the garden and at entrances; also low hedges.	15 to 18 in. 18 to 24 in. 2 to 3 ft.	2.25 3.00 4.00	20.00 27.00 36.00
yeodensis			
Vivid crimson fall foliage plus great profusion of scarlet berries in orange husks.	2 to 3 ft. 3 to 4 ft.	2.00 3.00	18.00 27.00
EXOCHORDA			
racemosa			
Tall, dense shrub to 8 feet with large clusters of white flowers in May.	4 to 5 ft.	2.00	18.00
FORSYTHIA			
intermedia			
Erect-growing, medium-sized shrub with gracefully arching branches, and clouds of deep yellow flowers.	2 to 3 ft. 3 to 4 ft.	1.25 1.50	
Lemoine Deutzia			
Deutzia			
Russian Olive			
Autumn Eleagnus			
Redvein Enkianthus			
Winged Euonymus			
Dwarf Winged Euonymus			
Yeddo Euonymus			
Pearlbush			
Border Forsythia			

intermedia spectabilis

More free-flowering than the original, and of a deeper, more glorious yellow. A sure sign of spring.

Size	Each	Per 10
------	------	--------

Showy Border Forsythia

2 to 3 ft.	1.25	11.00
3 to 4 ft.	1.50	13.50
4 to 5 ft.	2.00	18.00

Lynwood Gold

This is the newest and gayest of the Forsythias. It originated in Ireland and is due to replace other Forsythias because of the glorious depth of color, the large size and profusion of blooms, and clean, erect growth.

Lynwood Gold Forsythia

2 to 3 ft.	2.50	22.50
------------	------	-------

primulina, Spring Glory

A new, improved variety; with more blossoms, of a glowing lemon-yellow.

Spring Glory Forsythia

3 to 4 ft.	1.50	13.50
4 to 5 ft.	2.00	18.00

suspensa

This variety has long, sweeping branches which root upon grounding, thus becoming extremely valuable for slopes. Bright yellow flowers in early April.

Weeping Forsythia

2 to 3 ft.	1.00	9.00
3 to 4 ft.	1.25	11.00
4 to 5 ft.	1.50	13.50
5 to 6 ft.	1.75	

**HIBISCUS
*syriacus***

Late-flowering, erect shrubs to 12 feet. Flowers are of various colors, 3 to 4 inches across, and blossoms from late July through September.

Rose of Sharon**SHRUB FORM**

Anemone	Double pink	3 to 4 ft.	1.50	13.50
Boule de Feu	Double red	3 to 4 ft.	1.50	13.50
Banner	Double white, Red eye	3 to 4 ft.	1.50	13.50
Snowstorm	Single white	2 to 3 ft.	1.50	13.50
Coelestis	Single blue	2 to 3 ft.	1.50	13.50

TREE FORM

Anemone	Double pink	4 to 5 ft.	2.00	
Boule de Feu	Double red	4 to 5 ft.	2.00	
Banner	Double white, Red eye	4 to 5 ft.	2.00	
Jeanne D'Arc	Double white	4 to 5 ft.	2.00	
Rubus	Single red	3 to 4 ft.	2.00	

HYDRANGEA***acuminata***

Light blue and white florets combine to create a delicately lacy effect on a medium, compact shrub.

Laceflower Hydrangea

15 to 18 in.	1.50	13.50
18 to 24 in.	2.00	18.00

arborescens grandiflora

Large, round clusters of snow-white, 4 to 5 inches across, from June to September. For sun or shade.

Snowhill Hydrangea

2 to 3 ft.	1.50	13.50
------------	------	-------

hortensis

The much admired blue Hydrangea of the South Shore and Cape Cod. The deep blue, double flowers are borne in huge, globe-shaped clusters all summer. Stocky, compact shrub of medium height.

Double Blue Hydrangea

8 to 10 canes	2.50	
---------------	------	--

	Size	Each	Per 10
paniculata grandiflora			
Well-known variety, with huge conical flower heads changing from white to pink and red. Should have plenty of water and severe Spring pruning.	2 to 3 ft.	1.50	13.50
paniculata grandiflora, Tree Form			
Single, tree like stem for about 2 feet, bursting into a large graceful head.	3 to 4 ft.	3.50	33.00
paniculata praecox			
White panicles throughout the summer.	2 to 2½ ft.	2.00	
HYPERICUM			
densiflorum			
Many-twiggled shrub to 5 feet. Golden yellow flowers in August and September.	2 to 3 ft. 3 to 4 ft.	1.00 1.25	9.00 11.00
frondosum (aureum)			
Showy shrub of stiff, dense habit. Yellow flowers from August to October.	2 to 3 ft. 3 to 4 ft.	.90 1.00	8.00 9.00
Hidcote			
A bright gem ideally suited to gardens of limited size. Grows to a dense, fine-twiggled shrub 24 inches high. A cushion of gold all summer. Sends up new shoots each year.	18 to 24 in.	2.00	
patulum, Sungold (Pat. No. 568)			
Hardy dwarf plant to about 2 feet. Golden yellow flowers, 2½ inches across, resemble double roses. They are mounds of gold from summer to fall.	18 to 24 in.	2.50	22.50
ILEX			
serrata			
The handsomest of the deciduous Hollies. June-flowering; but especially showy because of long-lasting scarlet berries in fall and winter. For background planting.	3 to 4 ft.	2.25	
verticillata			
Favored for winter ornament and cutting, because of the persistent scarlet berries.	4 to 5 ft. heavy 5 to 6 ft. heavy 6 to 7 ft. heavy	2.50 3.50 5.00	22.50 32.50 45.00
KERRIA			
japonica pleniflora			
Fully double, little golden balls on light green stems all summer.	18 to 24 in. 2 to 3 ft. 3 to 4 ft.	1.50 1.75 2.25	13.50 16.00 21.00
KOLKWITZIA			
amabilis			
Handsome, hardy shrub completely buried in delicate bell-like blossoms of bright pink in June.	2 to 3 ft. 3 to 4 ft. 4 to 5 ft.	1.50 2.25 3.00	13.50 21.00 27.00
Pee Gee Hydrangea			
Early Hydrangea			
Hidcote Hypericum			
Sungold Hypericum			
Finetooth Holly			
Winterberry			
Double Kerria			
Beauty Bush			

LIGUSTRUM

Privet is the most generally planted hedge shrub. Inexpensive, hardy, tolerant of soil and location.

amurensis

Absolutely hardy; used for taller hedges. Quick growing.

Size Each Per 10 Per 100

Amur Privet

18 to 24 in.	3.00	27.00
2 to 3 ft.	4.00	36.00
3 to 4 ft.	5.00	40.00
4 to 5 ft.	7.50	60.00

ibolium

Resembles California but much hardier. Best one for general hedge use. Shiny leaves.

Ibolium Privet

18 to 24 in.	3.00	27.00
2 to 3 ft.	4.00	36.00
3 to 4 ft.	5.50	50.00

***obtusifolium* (ibota)**

Most graceful. Spreading, curving branches, gray-green leaves fragrant white flowers. Hedge or specimen.

Ibota Privet

2 to 3 ft.	.50	4.50	40.00
3 to 4 ft.	.75	7.00	

obtusifolium regelianum

Low spreading shrub for group or specimen use. Requires little trimming.

Regel Privet

15 to 18 in.	.75	6.00
18 to 24 in.	.90	8.00
2 to 2½ ft.	1.00	9.00
2½ to 3 ft.	1.25	11.00

ovalifolium

Narrow hedge plant of compact growth and glossy persistent leaves.

California Privet

2 to 3 ft.	4.00	36.00
3 to 4 ft.	5.50	50.00

LONICERA***tatarica alba***

Big spreading bush covered with large white flowers in June. Crimson fruits.

White Tartarian Honeysuckle

3 to 4 ft.	1.50	13.50
4 to 5 ft.	1.75	16.00

tatarica rosea

Light pink flowers in June; followed by red berries. Satisfactory in shade.

Rosy Tartarian Honeysuckle

2 to 3 ft.	1.25	11.00
3 to 4 ft.	1.50	13.50

tatarica zabelii

A true red Honeysuckle, in blossom late May. Red berries linger till winter.

Red Bush Honeysuckle

2 to 3 ft.	1.50	13.50
3 to 4 ft.	1.75	16.00

MYRICA***pensylvanica***

Low spreading shrub for sandy places. Dark green aromatic foliage and berries.

Northern Bayberry

15 to 18 in. BB	3.00	27.00
18 to 24 in. BB	4.00	36.00

PHILADELPHUS***coronarius***

White fragrant flowers in June on a tall slender plant. Sun or shade.

Sweet Mockorange

3 to 4 ft.	1.50	13.50
4 to 5 ft.	1.75	16.00

Atlas hybrid

Pure white, fragrant giant blossoms. Ideal for cutting.

Giant Mockorange

3 to 4 ft.	2.75
------------	------

Belle Etoile hybrid

Star-like flowers, white flushed with purple.
Fragrant.

Size Each Per 10

Star Mockorange
2.75

Innocence hybrid

Single, purest white flowers of intense fragrance.

3 to 4 ft. 2.75

Alabaster Mockorange**Virginal hybrid**

Semi-double white flowers appear all summer.
Especially fragrant and desirable.

2 to 3 ft. 1.75 16.00
3 to 4 ft. 2.00 18.00

Virginal Mockorange**PHYSOCARPUS****intermedius parvifolius**

Densely branched and upright. Small white flowers in June. For screens and borders.

3 to 4 ft. 1.50 13.50
4 to 5 ft. 1.75 16.00

Dwarf Ninebark**PRUNUS****besseyi**

Decorative white flowers in May. Edible August fruit. For orchard or shrub border.

2 to 3 ft. 1.50 13.50
3 to 4 ft. 1.75 16.00

Bessey Cherry**glandulosa alba**

Charming double white rosettes in April and May.

2 to 3 ft. 1.75 16.00

Double White Almond**glandulosa rosea**

Profusion of double, rose-colored flowers in early spring.

2 to 3 ft. 1.75 16.00
3 to 4 ft. 2.00 18.00

Double Pink Almond**maritima**

Found in sandy places and at seashore. Pink flowers; purple, edible fruit.

15 to 18 in. 1.25 11.00

Beach Plum**triloba**

Vigorous, tall shrub with delicate double pink flowers in mid-May.

3 to 4 ft. 3.00

Flowering Plum**RHODOTYPUS****scandens (kerrioides)**

Spreading dwarf shrub. Snowy white flowers in May. Black berries in fall.

18 to 24 in. 1.25 11.00
2 to 3 ft. 1.50 13.50

Jetbead**ROSA****hugonis**

Use as a flowering shrub. Garlands of bright yellow, single flowers in May. Perfectly hardy.

2 to 3 ft. 1.50 13.50
3 to 4 ft. 2.00 18.00

Golden Rose of China**multiflora**

Vigorous plant suitable for large hedges but not for small properties. Ultimate height 8 feet. Grows in any soil. Minimum order accepted: 100 plants.

9 to 18 in. 8.00 per 100

Heavier than usual conservation grade.

Japanese Rose**rugosa**

This stout, prickly shrub comes into its own at the seashore. Large, single, rose-red flowers.

12 to 18 in. 1.25 11.00
18 to 24 in. 1.50 13.50

Rugosa Rose

	Size	Each	Per 10	Per 100
<i>rugosa alba</i>				White Rugosa Rose
Creamy-white flowers in profusion on hardy vigorous plant. For borders and hedges.	18 to 24 in.	1.75	16.00	
	2 to 2½ ft.	2.00	18.00	
<i>rugosa, Grootendorst Supreme</i>				Grootendorst Hybrid
Improved hardy, vigorous variety with cherry red flowers all summer. Outstanding for borders and hedges.	18 to 24 in.	1.75	16.00	
<i>rugosa Max Graf</i>				Max Graf Rose
Most useful of all trailing Roses. It is extremely vigorous, amazingly disease resistant, will stand more shade than other Roses and will thrive in almost any soil. Large, 3 inch, bright pink and gold blossoms.	2 years		1.50	
<i>wichuraiana</i>				Memorial Rose
Grown on slopes. Wide spreading strong roots prevent erosion. White flowers all summer.	2 years	1.25	11.00	
SALIX				Dwarf Arctic Willow
<i>purpurea nana</i>				
Dwarf, rounded shrub for any location. Blue tinge to foliage.	18 to 24 in.	1.25	11.00	
SPIRAEA				Anthony Waterer Spirea
<i>bumalda anthony waterer</i>				
Free flowering, dwarf shrub with crimson flower heads all summer.	15 to 18 in.	1.25	11.00	
<i>prunifolia plena</i>				Bridalwreath
White semi-double flowers in Spring. Glossy dark leaves; rich autumn coloring.	2 to 3 ft.	1.25	11.00	
	3 to 4 ft.	1.75	16.00	
<i>thunbergi</i>				Thunberg Spirea
Slender upright growth to 6 feet. Multitudes of tiny white flowers in April and May.	2 to 3 ft.	1.25	11.00	
	3 to 4 ft.	1.50	13.50	
<i>trichocarpa</i>				Korean Spirea
Late blooming; June and July. White, dome-shaped flower clusters along the many branches.	4 to 5 ft.	1.75	16.00	
	5 to 6 ft.	2.25	20.00	
<i>vanhouttei</i>				Van Houtte Spirea
Most generally grown tall kind. Gracefully arching branches laden with clusters of white blossoms.	2 to 3 ft.	1.25	11.00	
	3 to 4 ft.	1.50	13.50	
	4 to 5 ft.	1.75	16.00	
SYMPHORICARPOS				Snowberry
<i>albus (racemosus)</i>				
White, waxy berries in autumn on a small shrub. Sun or shade.	2 to 3 ft.	1.25	11.00	
<i>chenaultii</i>				Chenault Coralberry
Pink berries, August and September, very graceful foliage.	3 to 4 ft.	1.50	13.50	
<i>vulgaris</i>				Coralberry
Lustrous dark red berries on arching branches. Good for slopes in sun or shade.	2 to 3 ft.	1.25	11.00	
	3 to 4 ft.	1.50	13.50	

SYRINGA***chinensis (rothomagensis)***

Upright arching shrub to 10 feet. Violet-blue flowers in June. One of the finest.

Size Each Per 10

Chinese Lilac

3 to 4 ft.	2.50	22.50
4 to 5 ft.	3.50	33.00

henryi lutece

Enormous plume-like blossoms of delicate light violet. Attractive dense foliage on a compact plant.

Hybrid Hungarian Lilac

3 to 4 ft.	3.00	27.00
------------	------	-------

josikaea

Valuable for its late June bluish-purple flowers. Tree-like shrub to 12 feet.

Hungarian Lilac

2 to 3 ft.	1.50	13.50
------------	------	-------

microphylla superba

A jewel of light and dark pink florets with the fragrance of Rose Daphne. Delightfully graceful.

Daphne Lilac

2 to 3 ft.	3.00	27.00
------------	------	-------

persica

Arching branches along which are borne fragrant lavender-blue flowers in loose broad panicles opening late in the spring.

Persian Lilac

2 to 3 ft.	2.00	18.00
3 to 4 ft.	3.00	27.00

sweginzowi albida

A hardy shrub producing a profusion of large, fragrant blush-pink flowers in late May.

Pink Pearl Lilac

3 to 4 ft.	3.00	27.00
4 to 5 ft.	4.00	36.00

villosa

Extends the Lilac season to late June. Flowers are light purple in bud, and open to rosy white.

Late Lilac

2 to 3 ft.	1.50	13.50
3 to 4 ft.	2.25	21.00
4 to 5 ft.	3.50	33.00

vulgaris

Best known of all Lilacs. Large panicles of extremely fragrant purple flowers in May. Beautiful as specimen, informal hedge or large masses.

Purple Lilac

2 to 3 ft.	1.50	13.50
3 to 4 ft.	2.25	21.00
4 to 5 ft.	3.00	27.00

vulgaris alba

The white flowers stand out in combination with darker varieties. Slender and graceful.

White Lilac

2 to 3 ft.	2.00	18.00
3 to 4 ft.	2.50	22.50

The Fragrant Hybrid Lilacs

The depth and range of colors available in these splendid hybrid Lilacs make them a must in any planting. The huge trusses of flowers are intensely fragrant and the plants are perfectly hardy.

PRESIDENT LINCOLN	Single, deep Wedge-wood blue	3 to 4 ft.	

New, Unusual and Outstanding Hybrid Lilacs

In every group of plants there are a few varieties that surpass the rest and prove themselves to be more desirable for many reasons. These may include purity and quality of color, profusion of blossoms, long-lasting blooms, habit of growth, etc. For these reasons we have selected the following hybrid Lilacs as outstanding varieties and feel that they merit being grouped by themselves.

	Size	Each	Per 10
Alice Eastwood	4 to 5 ft.	8.50	
A new hybrid and a new color. Gorgeous double trusses of Cyclamen — purple flowers in graceful, slender spikes. Particularly handsome as cut flowers, also.			
Blue Hyacinth	4 to 5 ft. 5 to 6 ft.	8.50 11.00	
Another recent introduction. One of the finest single blue hybrids ever developed. The long, slender, recurved petals resemble Hyacinth petals. Immense clusters 12 inches long and 8 inches wide.			
Clarke's Giant (Pat. No. 754)	2 to 3 ft.	5.00	
A recent introduction and the clearest blue of all. Huge flowers of gentian blue in enormous pyramidal clusters up to 12 inches long. Extremely fragrant.			

ESTHER STALEY (Pat. No. 768)

The best pink lilac. True, clear, deep pink blossoms in large trusses that are borne profusely even when young.

GENERAL PERSHING

Late-flowering, thus extending the season. Richly beautiful blossoms of deep purplish-violet, paler underneath. Double and unusually large clusters.

HUGO DE VRIES

Outstanding for many reasons. Color is a gleaming deep purple with brilliant undertones of carmine red. Trusses are exceptionally large and in huge quantities. A handsome, fine grower.

MISSIMO

A new variety with the largest flowers of all, fully 14 inches wide and 10 inches high. These gigantic clusters are composed of gracefully curled, single, rosy purple petals, and are borne in great profusion.

VACCINIUM**corymbosum**

Valued for its edible fruits and brilliant red autumn foliage.

VIBURNUM**carlesii**

Charming clusters of rosy-white flowers, deliciously fragrant. Low, compact shrub.

dentatum

Handsome upright shrub. Glossy foliage, white June flowers; blue autumn berries. Sun or shade.

dilatatum

Decorative and free-flowering, with 6-inch snow-white clusters in May and June.

lentago

Tree-like shrub. Creamy-white fragrant flowers and bluish fruit.

opulus sterile

Much admired for the huge, pure white clusters in late May and early June; one of the showiest in flower. For tall specimen or border.

setigerum

Outstanding tall shrub with long, dark green leaves, brightened by large white flowers in May and June; and red fruits in autumn. Ideal for shaded gardens and borders.

Tea Viburnum

3 to 4 ft.	4.00	36.00
------------	------	-------

tomentosum

Most beautiful of the Viburnums. Superb shrub laden in June with dazzling white flowers in radial clusters. Red berries turning blue-black.

tomentosum plicatum

Pure white flowers in a ball 4 inches across.

tomentosum rotundifolium

An earlier flowering form of the Doublefile Viburnum, and thus a most welcome addition to the shrub border. Extremely handsome white flowers.

✓ trilobum (americanum)

You will want this shrub in the informal border or naturalistic planting because of its year-round effect; brilliant autumn coloring; berries that persist all winter; white flowers in late May.

VITEX**macrophylla**

Late summer flowers of intense violet-blue. Fine for cutting. Tall, hardy plant.

WEIGELA**Bristol Ruby** (Pat. No. 492)

Sparkling ruby-red flowers in immense quantities for most of the season. Round 6 foot shrub.

candida

Great quantities of snow-white flowers. May and June.

florida (rosea)

Large, free-flowering, with bright pink flowers.

Vanicekii

Improved variety, overwhelmingly laden with bright crimson flowers all summer and fall.

wagneri, Eva Rathke

Low growing shrub, covered all summer with dark red flowers with lighter centers.

Size	Each	Per 10
------	------	--------

Doublefile Viburnum

Vines and Climbing Plants

VIVID COLORS - ATTRACTIVE FOLIAGE - DELICATE FRAGRANCE

SPECIMENS - SOFTEN STRUCTURES - SCREENS

GROUNDCOVER - BANKS and SLOPES

AKEBIA

quinata

Twining plant with fragrant rosy-purple flowers in May. Prefers sun.

	Size	Each	Per 10
Fiveleaf Akebia			
	2 years	.90	8.00
	3 years	1.25	11.00
	4 years	1.75	16.00

ARISTOLOCHIA

sipho

Rapid-growing vine making a dense screen. Brown, pipe-shaped flowers.

Dutchman's Pipe	2 years	1.50	13.50
------------------------	---------	------	-------

CAMPSIS (*Bignonia*)

Mme. Galen

Gorgeous, vastly superior hybrid. 2½ to 3 inch flowers of apricot and orange all summer.

Hybrid Trumpet Vine	2 years	3.00
----------------------------	---------	------

radicans

Tropical looking, with large trumpet-shaped flowers of glowing orange-red in August.

Trumpetcreeper	2 years	1.00	9.00
	3 years	1.25	11.00
	4 years	1.50	13.50

CELASTRUS**scandens**

Rugged climber with bright yellow autumn foliage and showy orange and crimson fruit.

	Size	Each	Per 10
American Bittersweet			
4 years	.90	8.00	
5 years	1.25	11.00	
6 years	1.50	13.50	

CLEMATIS**paniculata**

Luxuriant grower, with medium-sized pure white flowers, of penetrating fragrance, in late summer and fall.

Sweet Autumn Clematis			
3 years	1.25	11.00	

Hybrid Clematis

Hybrid Clematis are among the most beautiful of all flowering plants. The individual flowers are up to 10 inches across and are available in many exotic colors. They are fragrant and will blossom from early summer to autumn. Best results will be obtained if the following points are remembered: They prefer lime in the soil; soil should be light loam, cool and with a supply of moisture; they climb by means of tendrils and should have some support; the varieties listed below should be pruned in early spring if necessary.

Prices of the following hybrid Clematis 2 years, pot grown \$2.00 each.

Jackmani: large velvety purple, all summer.

Mme. Edward Andre: Rich purplish red, mid-summer.

Mrs. Robert Brydon: Pale blue, August and September.

Ramona: Lavender blue with darker center, all summer.

HEDERA**helix**

Vigorous evergreen climber for chimneys or masonry in shady locations.

	Size	Each	Per 10
English Ivy			
3 inch pots	.75	6.50	

helix baltica

Hardier variety with smaller leaves. Better suited to New England.

Hardy English Ivy		
3 inch pots	.90	8.00

HYDRANGEA**petiolaris**

A most artistic climber in leaf, stem and flower; the latter being white and fragrant. Sun or partial shade.

Climbing Hydrangea		
Pot grown	2.00	18.00
Field grown	3.00	

LONICERA**heckrottii**

Fragrant, flame-red and apricot flowers in immense clusters all summer. Should have support.

Summer King Honeysuckle		
2 years	1.25	
3 years	1.50	

henryi

Twining, semi-evergreen vine with yellow and purplish-red flowers all summer.

Henry Honeysuckle		
2 years	1.25	11.00

	Size	Each	Per 10
japonica chinensis	Purple Japanese Honeysuckle		
Semi-evergreen ground cover or vine. Bronzy-purple leaves; flowers carmine, fragrant, all summer.	3 years	1.00	9.00
	4 years	1.25	11.00
japonica halliana	Hall Japanese Honeysuckle		
Vigorous, rapid-growing ground cover for slopes, poor soils and difficult locations. Prevents soil erosion.	2 years	.50	4.00
	3 years	.75	6.50
PARTHENOCISSUS (Ampelopsis)			
quinquefolia	Woodbine		
Crimson foliage in autumn; small blue berries.	2 years	1.00	9.00
tricuspidata	Boston Ivy		
Clings firmly to walls, masonry, rocks etc. Rapid grower; stands city conditions. Leaves turn orange and scarlet in autumn.	2 years	.90	8.00
	3 years	1.25	11.00
POLYGONUM			
auberti	Chinese Fleece Vine		
The best for quick covering. Feathery sprays of white flowers, August to October.	2 years, heavy	1.25	11.00
WISTARIA			
sinensis	Chinese Wistaria		
Hanging clusters of purple flowers on sturdy vine.	3 years	1.75	16.00
	5 years	4.00	36.00
sinensis alba	White Chinese Wistaria		
The white flowering form of the preceding which combines with the purple to create a delightful contrast.	2 years	1.75	16.00

Perennials

Our Perennial Department is located on Route 139 between North Abington and Rockland.

Our list of Perennials is arranged to assist you in planning your garden.

We have indicated for each variety the approximate height and time of bloom, the color, and any special uses to which the plant is adopted.

In the column "Use" the following abbreviations are used: C - Cutflowers; E - Edging plants; G - Ground covers; H - Herbs; R - Rock garden plants; S - Plants that may be used in shade.

All Perennials are \$.70 each, 3 of one kind \$1.80, 10 of one kind for \$5.00, except as otherwise noted. Five or more plants of one kind will be furnished at the 10 rate.

	Use	Height, Inches	Blooming Date	Color
ACHILLEA				
ptarmica, Snowball	C	18	Jul.-Sep.	White
ACONITUM				
Fine for late season color.				
fischeri	S	24	Sep.-Oct.	Deep-blue
n. Sparks	S	36	Jul.-Oct.	Deep-blue

All Aconites are \$.85 each, 3 for \$2.25, 10 for \$7.00

All Perennials are \$.70 each, 3 of one kind \$1.80, 10 of one kind \$5.00, except as otherwise noted.

	Use	Inches Height,	Blooming Date	Color
AJUGA				Bugle
Fast-growing, colorful ground cover.				
<i>genevensis</i>	G-S	8	May.-Jun.	Blue
<i>g. rosea</i>	G-S	8	May.-Jun.	Pink
<i>reptans rubra</i>	G-S	6	May.-Jun.	Blue
ALLIUM				
Rare variety with distinct flowers.				
<i>pulchellum</i>		18	May.-Jun.	Violet
ALTHAEA				Hollyhocks
Double mixed		84	Jul.-Aug.	Various
Single mixed		84	Jul.-Aug.	Various
ALYSSUM				Basket or Pot of Gold
One of the showiest rock garden plants.				
<i>saxatile compactum</i>	R-E	12	Apr.-May	Bright yellow
ANCHUSA				Italian Bugloss
Dropmore		40	Jul.-Aug.	Blue
AQUILEGIA				Columbine
Startling array of beautiful colors.				
<i>chrysanthia</i>	S	36	Jun.-Jul.	Yellow
<i>c. Silver Queen</i>	S	36	Jun.-Jul.	White
<i>Mrs. Scott Elliot Hybrids</i>	S	36	Jun.-Jul.	Various
ARABIS				Rockcress
Mounds of pure-white flowers.				
<i>alpina</i>	R-E	6	Apr.-May	White
ARMERIA				Thrift, Sea Pink
Bright round flower heads.				
<i>maritima</i>	R-E	6	May-Jun.	Lavender-pink
<i>pseudoarmeria rubra</i>	R-E	10		Red
ARTEMISIA				Wormwood
Use gray for all-season accents				
<i>abrotanum, Southernwood</i>	H	36		Gray foliage
<i>albula, Silver King</i>	C	36		Gray foliage
<i>schmidtiana nana, Silver Mound</i>	E-R	10		Gray foliage

Silver mound Artemisia is a soft, feathery gray plant. It makes a distinctive edging and is an excellent rock-garden plant. Fine for accent in the garden.

ASCLEPIAS				Butterfly Milkweed
<i>tuberosa</i>		24	Jul.-Aug.	Bright Orange
ASPERULA				Sweet Woodruff
<i>odorata</i>	S-G-H	8	May	White
ASTER				Aster, Michaelmas Daisy
<i>alpinus</i>	R	9	May-Jun.	Purple

Variety of color, ease of culture and late blooming habit have made Asters an important feature of the well-planned garden. Masses of color in the Fall.

*All Perennials are \$.70 each, 3 of one kind \$1.80, 10 of one kind \$5.00,
except as otherwise noted.*

	Use	Height, Inches	Blooming Date	Color
Tall Asters for masses of Fall color.				
Beechwood Challenger		36	Sep.-Oct.	Crimson
Blue Eyes		36	Sep.-Oct.	Violet-blue
Harringtons Pink		36	Sep.-Oct.	Clear pink
Mt. Everest		48	Sep.-Oct.	White
Violetta		36	Sep.-Oct.	Deep violet-blue

Dwarf Varieties

Nancy	R-E	9	Sep.-Oct.	Pink
Lilac Time	R-E	12	Sep.-Oct.	Lilac
Little Red Boy	R-E	15	Sep.-Oct.	Red
Snowsprite	R-E	9	Sep.-Oct.	White
Victor	R-E	9	Sep.-Oct.	Lavender-blue

ASTILBE**Perennial Spirea**

Graceful, showy plumes.				
Avalanche	C-S	36	Jul.-Aug.	White
Fanal	C-S	30	Jul.-Aug.	Red
Peach Blossom	C-S	24	Jul.-Aug.	Pink
Queen of Holland	C-S	30	Jul.-Aug.	White

All Astilbes are \$.90 each, 3 for \$2.50, 10 for \$8.00

BRUNNERA (Anchusa)**Heartleaf Bugloss**

Called "Perennial Forget-me-not" by many.				
macrophylla	R-S	12	May-Aug.	Bright-blue

CAMPANULA**Bellflower**

carpathica	R	12	Jul.-Aug.	Blue
c. alba	R	12	Jul.-Aug.	White
medium, Canterbury Bell		30	Jun.-Jul.	Blue, pink and white
m. caly. Cup and Saucer		30	Jun.-Jul.	Blue, pink and white
persicifolia		36	Jun.-Jul.	Blue
p. alba		36	Jun.-Jul.	White
poscharskyana	R	8	Jun.-Sep.	Blue

CERASTIUM**Snow-in-Summer**

Gray foliage, fast growing.				
tomentosum	R	6	May-Jun.	White

CHRYSANTHEMUM**Shasta Daisy**

coccineum, mixed. Painted Daisy	C	24	May-Jun.	Pink, red, white
maximum Alaska, Single	C	30	Jun.-Jul.	White
m. Marconi, Double	C	24	Jun.-Jul.	White
m. White Swan, Double	C	24	May-Jun.	White

CHRYSOGONUM**Golden Star**

Rare dwarf plant covered with bright yellow flowers.				
virginianum	R-E	6	Jun.-Jul.	Yellow

CONVALLARIA**Lily of the Valley**

Famous fragrance.				
majalis	S-G	8	May-Jun.	White

All Perennials are \$.70 each, 3 of one kind \$1.80, 10 of one kind \$5.00,
except as otherwise noted.

Garden Chrysanthemums

On Chrysanthemums, the quantity rate is allowed on orders for assorted varieties. Prices for Spring only.

All Chrysanthemums \$.70 each, 3 for \$1.80, 10 for \$5.00.

LARGE FLOWERED, DOUBLE, UPRIGHT VARIETIES**BRONZE and RED**

Beacon coral-apricot	30 in.	Olive Longland apricot and salmon	24 in.
Brocade red - yellow reverse	24 in.	Oriental Glory orange-red	30 in.
Courageous dark ruby red	24 in.	Red Velvet dark crimson	32 in.
Dusky deep red	24 in.	Scarlet Lady deep red	24 in.
Huntsman scarlet-orange and bronze	30 in.	Southwind red and salmon-buff	20 in.
Merry-Go-Round single red	18 in.	Tangerine orange red	20 in.
Mrs. P. S. Dupont III salmon and bronze	30 in.	Tampico (USDA) bright bronze	36 in.

YELLOW

Charles Nye deep yellow	30 in.	Golden Cheer (USDA) golden yellow	36 in.
Chiquita lemon yellow	20 in.	Yellow Avalanche soft yellow	22 in.
Golden Festoon deep yellow	15 in.		

LAVENDER

Ganna lavender	30 in.	Masquerade pinkish lavender	18 in.
Lavender Lady lavender	24 in.		

PINK

Allegro shrimp pink	30 in.	Copper Cactus copper-pink	24 in.
Ashes of Roses rose-pink	24 in.	Pink Dream (USDA) pink	20 in.
Betty pure rose-pink	36 in.	Rosita pale pink (pompon)	24 in.

WHITE

Avalanche white, cream center	24 in.	Ski-Trail (USDA) ivory white	30 in.
Ivory Glow (USDA) ivory white	30 in.	Sand Dunes semi-double, sand to white	24 in.
Polar Ice pure white	24 in.		

CUSHION CHRYSANTHEMUMS

Low, Broad Varieties

Apricot Glow			Pink Cushion	
apricot bronze	20 in.		pink	24 in.

COREOPSIS

Baden Gold is an outstanding new variety.

grandiflora, Baden Gold	C	30	Jul.-Sep.	Bright yellow
g. Mayfield Giant	C	30	Jul.-Sep.	Yellow
verticillata nana	R	8	Jun.-Sep.	Orange

DELPHINIUM

Belladonna, Improved	C	30	Jun.-Jul.	Light Blue
Bellamosum, Improved	C	30	Jun.-Jul.	Dark blue
Lamartine	C	60	Jun.-Jul.	Deep blue

PACIFIC HYBRIDS

Black Knight	C	60	Jun.-Jul.	Deep violet
Galahad	C	60	Jun.-Jul.	White
Guinevere	C	60	Jun.-Jul.	Lavender
King Arthur	C	60	Jun.-Jul.	Violet
Summer Skies	C	60	Jun.-Jul.	Light blue

All Pacific Hybrids are \$.75 each, 3 for \$2.00, 10 for \$6.00

DIANTHUS**Pink, Carnation**

Double fragrant flowers, hardy.

Bristol Purity	C-E-R	12	Jun.-Jul.	White
Furst Bismark	C-E-R	8	Jun.-Sep.	Deep pink
Her Majesty	C-E-R	12	Jun.-Jul.	White
June Carmine	C-E-R	15	Jun.-Sep.	Carmine
Pink Princess	C-E-R	12	Jun.-Sep.	Salmon
Sammy	C-E-R	2	Jun.-Sep.	Deep rose

Sammy is a unique "pin cushion" type of Carnation with miniature flowers. Excellent for edging or rock garden.

DICENTRA**Bleedingheart**

The old-fashioned favorite.

spectabilis	S	24	May-Jun.	Rose
Bleedinghearts are \$1.00 each, 3 for \$2.75, 10 for \$8.50				

DIGITALIS**Foxglove**

purpurea, mixed	36	Jun.-Jul.	Various
p. Shirley Hybrids	36	Jun.-Jul.	Various

ECHINACEA**Echinacea**

purpurea, The King	36	Jul-Aug.	Rosy-purple
p. White Lustre	36	Jul.-Aug.	White

All Perennials are \$.70 each, 3 of one kind \$1.80, 10 of one kind \$5.00,
except as otherwise noted.

	Use	Height, Inches	Blooming Date	Color
EPIMEDIUM				Epimedium
Graceful plant with delicate flowers. <i>macranthum niveum</i>	R-S	10	Apr.-Jun.	White
EUPATORIUM				Eupatorium
<i>coelestinum</i>	C	24	Sep.-Oct.	Lavender
GAILLARDIA				Gaillardia
Valued for their long blooming period. <i>grandiflora</i> , Dazzler		30	Jun.-Oct.	Yellow and red
GYPSOPHILA				Babysbreath
Every garden should have a few plants of Bristol Fairy. It is indispensable for use in bouquets, and in the garden its sprays give contrast to other plants.				
Bristol Fairy <i>repens</i> , Rosy Veil	C C-R	36 12	Jun.-Sep. Jun.-Sep.	White Pale pink
Both Gypsophilas. \$.85 each, 3 for \$2.25, 10 for \$7.00				
HELENIUM				
Riverton Gem		48	Aug.-Sep.	Terra-cotta
HELLEBORUS				Christmas Rose
Blooms in the garden in winter. <i>niger</i>	S	8	Winter	White
\$1.50 each, 3 for \$4.00				
HELIANTHUS				Helianthus
Loddon Gold	C	36	Aug.-Sep.	Orange
HEMEROCALLIS				Daylily
Dependable, long-lived, grow anywhere. <i>flava</i>	S	36	Jun.	Lemon
<i>fulva</i>	S	48	Jul.-Aug.	Orange
<i>Hyperion</i>	S	30	Jul.-Aug.	Lemon
Mrs. W. H. Wyman	S	30	Jul.-Aug.	Lemon
HEUCHERA				Coralbells
Graceful sprays of tiny bells. <i>sanguinea alba</i>	E-S-R	18	Jun.-Sep.	White
<i>s. Pink Delight</i>	E-S-R	18	Jun.-Sep.	Pink
<i>s. Queen of Hearts</i>	E-S-R	18	Jun.-Sep.	Scarlet
HIBISCUS				Rosemallow
palustris, mixed		48	Aug.-Sep.	Various
HOSTA				Plantainlily
The Plantainlilies are valuable, not only as foliage plants for edgings or general use, in either sun or shade, but also for their graceful sprays of flowers.				
<i>caerulea</i>	S-E	18	Jul.-Aug.	Violet
plantaginea \$1.00 ea., 3 for \$2.70	S-E	18	Aug.-Sep.	White
<i>sieboldiana</i>	S-E	18	Jul.-Aug.	Violet
IBERIS				Candytuft
Pure white flowers, rich green foliage. <i>sempervirens</i>	R	12	May-Jun.	White
<i>s. Snowflake</i>	R	12	May-Jun.	White

All Perennials are \$.70 each, 3 of one kind \$1.80, 10 of one kind \$5.00,
except as otherwise noted.

<i>s. Emerald Cushion Pink</i>	R-E	6	May-Jun.	Pink

PHYSOSTEGIA

Lionsheart

Spikes of pure white
virginiana alba

C-S 36 Jul.-Sep. White

*All Perennials are \$.70 each, 3 of one kind \$1.80, 10 of one kind \$5.00,
except as otherwise noted.*

	Use	Height, Inches	Blooming Date	Color
PRIMULA				Primrose
Bright Spring flowers.				
<i>veris</i>	R-E-S	8	May-Jun.	Yellow
<i>v. Munstead</i>	R-E-S	8	May-Jun.	Various
<i>vulgaris</i>	R-E-S	6	May-Jun.	Yellow
SANTOLINA				Lavender Cotton
Feathery gray foliage.				
<i>chamaecyparissus</i>	E-R	15	Jun.-Jul.	Yellow
SCABIOSA				Scabiosa
<i>caucasica</i>	C	24	Jun.-Jul.	Blue
SEDUM				Stonecrop
Large flat clusters of showy flowers.				
<i>spectabile</i>	E-R	18	Aug.-Sep.	Pink
<i>s. Brilliant</i>	E-R	18	Aug.-Sep.	Crimson
<i>spurium, Dragon's Blood</i>	R	5	Jul.-Sep.	Red
STACHYS				Woolly Betony
Gray, woolly foliage.				
<i>lanata</i>	E-R	12	Jul.-Aug.	Purple
STOKESIA				Stokesia
<i>laevis</i>	C	18	Aug.-Sep.	Blue
TEUCRIUM				Germander
Widely used for formal clipped edgings.				
<i>chamaedrys</i>	E	18	Jun.-Aug.	Rose
THALICTRUM				Meadow Rue
Feathery sprays of creamy flowers.				
<i>minus, Maidenhair</i>	S	24	Jun.-Jul.	Cream
<i>dipterocarpum</i>	S	48	Aug.-Sep.	Violet
THERMOPSIS				Thermopsis
Long spikes, like yellow Lupine.				
<i>caroliniana</i>	C	48	Jun.-Jul.	Lemon
THYMUS				Thyme
Serpyllum varieties used between stepping stones.				
<i>serpyllum citriodorus</i>	R-G	3	Jun.-Aug.	Lavender
<i>s. lanuginosus</i>	R-G	3	Jun.-Aug.	Lavender
<i>vulgaris, Border Gem</i>	R-G	9	Jun.-Jul.	Lavender
TROLLIUS				Globeflower
Add brightness to shady spots.				
<i>europaeus</i>	S	18	May-Jun.	Yellow
<i>ledebouri</i>	S	24	Jul.-Aug.	Orange

Border Gem Thyme is an excellent evergreen plant for dry bankings, where it makes an attractive ground-cover. Its mound-like habit makes it an ideal edging plant.

All Perennials are \$.70 each, 3 of one kind \$1.80, 10 of one kind \$5.00,
except as otherwise noted.

Herbs

Many Gardeners have been surprised at the pleasure they have derived from growing herbs. The plants themselves have added interest to their gardens and the use of herbs in soups, salads, with meats and vegetables have made those dishes more interesting and tasty.

Plants which grow in partial shade are marked PS.

Plants which grow in the shade are marked S.

Perennial Herbs

Prices are \$.70 each, 3 of one kind for \$1.80, 10 of one kind for \$5.00

Fruit Trees

The varieties of fruit trees and berry-bearing bushes we offer are those that have already demonstrated their worth and desirability in this North Eastern section.

		Each	Per 10
APPLES	2 year	\$1.25	\$11.50
	3 year	1.75	16.00

- ~ BALDWIN. Favorite red winter apple; one of the outstanding varieties for eating and cooking.
- ~ CORTLAND. Bright red, like MacIntosh, but preferred by many for its superior storing qualities and spicier taste.
- ~ DELICIOUS. Large conical, striped red and yellow. Keeps well into winter.
- ~ GRAVENSTEIN. A delicious red and yellow striped autumn variety.
- ~ MACINTOSH RED. Long the favorite red autumn apple with crisp flesh and delicious flavor. A best seller for years.
- ~ NORTHERN SPY. Large red and yellow apple excellent for eating and cooking. Will keep into March.
- ~ RED ASTRACHAN. Earliest to ripen, in early August. Bright red, juicy.
- ~ RHODE ISLAND GREENING. Rich tart flavor, tender and juicy. Fine yellow winter apple.
- ~ WEALTHY. Large, excellent quality; ripens ahead of MacIntosh.
- ~ YELLOW DELICIOUS. Golden yellow; probably the finest yellow apple. Bears while young. Will keep into April.

DWARF APPLES	2 year	3 to 3½ ft. tall	\$3.00 each
---------------------	---------------	-------------------------	--------------------

Standard size fruit on dwarf trees. The perfect trees for small properties. Will usually bear fruit when younger than standard varieties.

CORTLAND. Juicy, spicy red. Stores well.

DELICIOUS. Red and yellow winter apple for eating and cooking.

MACINTOSH RED. Same crisp, delicious eating apple as the standard.

NORTHERN SPY. Red and yellow apple, ideal for eating and cooking. Will keep into March.

YELLOW DELICIOUS. Bears when quite young. Stores all winter for eating or cooking.

CRAB APPLES	4 years	\$4.00 each:	5 years	\$6.00 each
--------------------	----------------	---------------------	----------------	--------------------

- ~ HYSLOP. Dark red or purplish fruits. Ripen in late Sept. and October.

CHERRIES	2 year	5 to 6 ft.	\$2.50 each
-----------------	---------------	-------------------	--------------------

- ~ BLACK TARTARIAN. Black, sweet early favorite.

GOV. WOOD. Light yellow, sweet, large, tender fruit, rich and delicious.

MONTMORENCY. Best red sour cherry for pies and preserves.

PLUMS	2 year	5 to 6 ft. tall	\$1.75	\$16.00
	3 year		2.25	20.00

- ~ ABUNDANCE. Light yellow fruits of excellent flavor.

- ~ BURBANK. Dark violet-red, middle August.

- ~ FELLENBERG. Late, medium size freestone; dark purple, delicious. Fine for drying.

PEARS	2 year	5 to 6 ft. tall	\$1.75	\$16.00
--------------	---------------	------------------------	---------------	----------------

- ~ BARTLETT. Yellow and red. Fine shape and color, and excellent flavor. August.

- ~ CLAPP'S FAVORITE. Large, lemon colored fruit with brown dots; flesh rich and sweet. Early August.

DWARF PEARS	2 year	3 to 4 ft.	\$2.50 each
--------------------	---------------	-------------------	--------------------

BARTLETT. Fruit is as large as standard trees.

CLAPP'S FAVORITE. Large and sweet as standard Pears when young.

Each Per 10

PEACHES 5 to 6 ft. tall \$1.25 \$11.50

- ~ BELLE OF GEORGIA. Attractive white and red peach; delicious flavor, freestone, mid-season.
- ~ ELBERTA. 50% of all peaches planted are Elberta. Adaptable to varied soil and climatic conditions. Fruit is large, yellow, with red cheeks. Ripens mid-September. Freestone.
- ~ HALE HAVEN. An exceptionally fine freestone Peach. Bears a very heavy crop of large, tasty, yellow fruit in early September. Keeps well.
- ~ SOUTH HAVEN. A late variety which means fruit for you into late September and early October. Golden yellow and red, deliciously sweet freestone peaches in abundance.

QUINCES 3 years \$2.00 each

- ~ ORANGE. Heavy, light yellow of excellent flavor.

HYBRID BLUEBERRIES 18 to 24 in. \$1.50 \$13.50

- ~ CABOT. Sweet fruit; early July.
- ~ JERSEY. Very large; midseason.
- ~ PEMBERTON. Midseason; Fine flavor.
- ~ RANCOCAS. Heavily fruited; midseason.
- ~ RUBEL. Best commercial variety; late.

GRAPES 2 years \$.90 \$ 7.50**Blue-Black**

- ~ CONCORD. Very hardy; best commercial grape; large and sweet.
- ~ FREDONIA. Best early grape; early September.
- ~ WORDEN. Resembles Concord, but earlier and larger fruit.

Red

- ~ BRIGHTON. Excellent dessert grape; heavy yield.
- ~ CACO. Amber-red, large grapes; flavor like Muscat.
- ~ CATAWBA. Fine table grape; large, loose bunches; mid-October.
- ~ DELAWARE. Compact, delicious bunches; early October.

White

- ~ NIAGARA. Excellent table grape. Large, tasty fruit.

RASPBERRIES 10 for \$2.00 100 for \$18.00

- ~ INDIAN SUMMER. Wonderful everbearing, red, juicy fruit. Two crops each year; heavy yield.
- ~ LATHAM. Superb, large, red, firm berries, ripen in early July.
- ~ SODUS. The outstanding Purple Raspberry. Vigorous, hardy, drought resistant. Ripens shortly after Latham. Berries are large, firm, medium purple in color, and of good quality.

BLACKBERRIES 10 for \$1.80 100 for \$12.00

- ~ ELDORADO. The most popular variety. Very large, sweet fruits.

ASPARAGUS 2 yr. roots 25 for \$2.00 100 for \$ 6.00

- MARY WASHINGTON. The best popular variety grown, it is rust-resistant, rich flavored and tender.

- PARADISE. A new variety larger, greener and more tender than most. Rust resistant.

RHUBARB \$.75 \$ 6.50

- MACDONALD. Extra sweet, rich flavor, heavy producer.

STRAWBERRIES 50 for \$2.75 100 for \$ 4.00*Layer or Field Grown Plants For Spring Shipment Only.*

- ~ HOWARD 17. Early, heavy yielding variety that has been very dependable.
- ~ FAIRFAX. Midseason. A wonderful deep red berry of delicious flavor.
- ~ JULY MORN. Late, very large, new and disease-resistant.
- ~ RED CROP. New variety, early, good quality, disease-resistant.
- ~ ROBINSON. New, big berries, dark luscious red. Hardy.
- ~ SPARKLE. A new variety with rich color and delicious flavor.

Everbearing 50 for \$3.50 100 for \$ 6.00

- ~ GEM. A dependable everbearing variety of medium size, good flavor, and bright red color.

Red Roses

Charlotte Armstrong (Pat. No. 455)	\$2.00
Dazzling spectrum-red and cerise flowers, profuse and long-lasting. Buds long, pointed, blood-red.	
Crimson Glory (Pat. No. 105)	1.75
Voted the most fragrant rose, this sturdy, disease-resistant plant with large quantities of deep crimson flowers has become a universal favorite.	
Mirandy (Pat. No. 632)	1.75
All-American Selection. Rich, dark red flowers of immense size (fully 50 petals), and a penetrating damask fragrance.	
New Yorker (Pat. No. 832)	2.00
Best red rose of all time. Huge, 6½ inch flowers in profusion create a gay, vivid, sparkling picture all summer. Spicy fragrance.	
Rubaiyat (Pat. No. 758)	1.75
Long-lasting, fragrant blossoms of rich crimson to red-rose. Long, pointed buds on extra tall, vigorous plant.	
Valiant (Pat. No. 914)	1.75
A deep, bold, luminous crimson. Both bud and flower are particularly erect and lovely. Blooms are 5 to 6 inches across.	
Volcano (Pat. No. 951)	2.00
New and exceedingly large Hybrid Tea whose glowing cherry-red blossoms seem to lighten the garden with a molten glow. Flowers are 6 to 7 inches across; long-stemmed and ideal for cutting. Rich, fruity fragrance.	

Pink Roses

Hedda Hopper (Pat. Applied For)	2.00
A new rose blending a rare combination of delicacy and sturdiness. Exquisitely perfumed flowers of soft pink suffused with deep rose.	
K. T. Marshall (Pat. No. 607)	1.75
All-America rose of warm, glowing, flesh-pink, long buds; fruity fragrance, and long stems for cutting.	

Pink Roses (Continued)

Mary Margaret McBride (Pat. No. 537)	1.75
Another All-America selection. Tall, disease-resistant plant tipped with long, pointed buds opening to large 5 inch salmon-pink flowers.	
Mission Bells (Pat. No. 923)	2.25
All-America for 1950. Pointed salmon buds opening to high-centered, fragrant flowers of deep shrimp pink.	
Prima Donna (Pat. No. 639)	1.75
Deep salmon suffused with pink. Continuous bloom from mid-June through autumn. especially suitable for cutting.	
Sonata (Pat. No. 732)	1.75
Unusually lovely hues of deep, lively pink; outside of petals being darker than inside. Long, pointed buds and delightful fragrance.	
Waves (Pat. No. 638)	1.75
Everblooming clear pink rose with fully-double, cup-shaped flowers that hold well in sun. Captivating Old Rose fragrance.	

Yellow Roses

Brandywine (Pat. No. 530)	1.75
Vigorous, hardy and extremely fragrant. Long, pointed buds of buff-yellow open to stately light-yellow blossoms on long stems.	
Diamond Jubilee (Pat. No. 824)	2.00
The loveliness and perfection of this handsome rose will amaze you. Color is warm, glowing buff-yellow, with touch of orange at base. Slowly-opening, 6 inch flowers last exceptionally well. Soft Old Rose fragrance.	
Eclipse (Pat. No. 172)	1.75
Best all-purpose yellow Rose for all climates. Sleek, tapering buds, 2 inches long; followed by large, fully double, buttercup yellow blossoms.	
Golden Scepter (Pat. No. 910)	2.50
A sparkling, new rose of rich, golden yellow. Acclaimed the best new yellow Rose. The profuse blooms are borne on sturdy, disease-resistant, open plants; and they hold their color exceptionally well.	
Peace (Pat. No. 591)	2.25
Peace has established itself as today's most popular Hybrid Tea. The buds are golden yellow, opening to luminous canary yellow, pale gold and iridescent cream. Flowers are large and fully double.	
Sutter's Gold (Pat. No. 885)	2.25
All-America winner 1950. Long, pointed yellow buds. Flowers are deep golden yellow interlaced with veins of glowing copper. Unusually free-flowering; delightfully fragrant.	

White Roses

Caledonia	1.50
Has remained one of the best whites. The buds are long and pointed; the flowers are large, fully double, and long-lasting.	
Rex Anderson (Pat. No. 335)	1.75
Frosty ivory-white, exhibition size blossom of outstanding pure, artistic form and soft, fascinating fragrance.	
Sleigh Bells (Pat. No. 1004)	2.00
An ideal cutting rose because the long, pointed buds are borne freely on long sturdy stems. The flowers open slowly to great size, with 40 or more petals. And they are really fragrant. The glossy foliage is extremely resistant to disease.	
White Briarcliff (Pat. No. 108)	1.75
The bride's favorite rose. Color is pure white. The sleek, graceful buds produce a wealth of perfect, double blossoms throughout the season.	
White Wings (Pat. No. 850)	1.75
This single, five-petaled rose has an indescribable charm, with each flower artistically placed among laurel-green foliage. Lovely cluster of amethyst stamens tipped with gold in the center of each flower.	

Multi-Colored Roses		1.50
Countess Vandal	Acclaimed the most artistic of all roses. Lovely curved petals of copper-bronze and pink flooded with russet gold.	
Enchantment (Pat. No. 737)	Widely loved because of the size and color of its blossoms. Large, stately apricot buds open to huge, 6 inch flowers of delicate yet deep peach-pink, suffused with pale gold. Delightfully pervading scent.	2.00
McGredy's Sunset (Pat. No. 317)	The sweet fragrance of this enchanting rose will perfume the garden. Golden yellow flowers tinted with orange and scarlet to mirror the Western Sky.	1.75
Saturnia (Pat. No. 349)	The warm glow of this rose is difficult to describe; cardinal red inside with salmon-yellow intermingling with copper on outside of petals. Richly fragrant.	1.75
Serenade (Pat. No. 852)	New exquisite coral-orange blossoms all summer long; long-lasting; and holding their gorgeous colors exceptionally well. Large buds are a deep burnt-orange.	2.00
Signora (Pat. No. 201)	Much improved over the old Herbert Hoover, which it resembles. It is vigorous under a wide range of conditions and flourishes in hot and dry climates. Flowers are extremely fragrant; on long stems; a blend of mandarin-orange and salmon.	1.75
Floribunda and Polyantha Roses		
Chatter (Pat. No. 739)	Bright clusters of velvety crimson flowers on low, compact plants. Unequalled for bedding purposes.	1.50
Cheer	Deep rose variation of World's Fair. Huge semi-double flowers in clusters of 5 to 11. Largest flowers of all.	1.50
Connie Mack (Pat. Applied for)	One cluster of blooms of this new Rose is sufficient for a bouquet of dark, velvety crimson. The foliage is almost completely immune to mildew. A superb plant for the garden or for cutting.	2.00
Else Poulsen	Large, semi-double flowers of bright rose-pink.	1.50
Fashion (Pat. No. 789)	Acclaimed the best of the new Floribundas. Gay, eye-catching color, enormous clusters of continuous blooms and enchanting, delicate fragrance. The double flowers are $3\frac{1}{2}$ inches across, of a luminous coral suffused with gold.	2.00
Floradora	Most disease-resistant and sturdy of all. Geranium-red flowers in vivid clusters against a gleaming green foliage.	1.50
Garnette (Pat. Applied For)	Deep sparkling red with depths of glowing scarlet in large clusters all season. Sturdy and disease-resistant.	1.75
Geranium Red (Pat. No. 811)	Resembles vivid red geraniums even to its spicy fragrance. Individual flowers are up to 4 inches across in long-lasting clusters.	1.50
Goldilocks (Pat. No. 672)	The long-awaited true yellow Floribunda. Double golden yellow masses of sunshine, deliciously fragrant and colorful.	1.50
Holiday (Pat. No. 915)	As gay as its name. Blossoms are sparkling flame-pink with clear sunshine yellow reverse. Exceptionally large flowers.	1.50
Improved Cecile Brunner (Pat. No. 851)	This new Sweetheart Rose produces flowers in prodigious quantities. Peach-pink buds open to salmon pink flowers. Ideal for cutting.	1.50

Floribunda and Polyantha Roses (Continued)

Lavender Pinocchio (Pat. No. 947)	2.00
An entirely new color in Roses. Each frilled petal has a lavender border and silvery-lavender body. Buds are smoky pink-lavender. Delightful oriental fragrance. A most unusual rose.	
Marionette (Pat. No. 569)	1.50
Rich, creamy white which does not fade in full sun. Unbelievably large clusters are produced all summer. The finest white for bedding purposes.	
Masquerade (Pat. No. 975)	2.00
The most amazing rose ever developed. Each blossom on each plant changes color and becomes, in turn, yellow, lemon, vermillion, pink and red. And all these colors are on the plant at the same time.	
Permanent Wave (Pat. No. 207)	1.50
Semi-double flowers of beautiful two-toned red. The petals are frilled and wavy, creating interest all season.	
Pink Bountiful (Pat. No. 601)	1.50
Large, perfectly-formed flowers of deep pink with a heart of buff and salmon. The blossoms are fully double, in large clusters.	
Pink Garnette (Pat. Applied For)	1.75
New Floribunda of deep pink petals with lighter contrast at base. Especially good for bedding in small groups. Constant display.	
Pinocchio (Pat. No. 484)	1.50
This has become the favorite of gardeners. Extremely hardy and easy to grow. Blossoms are like miniature Hybrid Teas, of a bright clear pink, tinted with gold.	
Red Pinocchio (Pat. No. 812)	1.50
The individual flowers are 3½ inches across, delightfully fragrant, and exceptionally free-flowering. Gorgeous, velvety carmine which will not fade.	
Summer Snow (Pat. No. 416)	1.50
One of the most dependable whites, especially for masses of glistening, snowy flowers, 15 or more blossoms to each cluster.	
White Pinocchio (Pat. No. 1010)	1.50
A welcome addition to a delightful family of Roses. Soft creamy white, fully double blooms; as many as 30 to a cluster. Fragrance of Old Rose.	
World's Fair (Pat. No. 362)	1.50
Definitely one of the best of all Floribundas. The dark velvety crimson flowers are of immense size and amazing depth. The sturdy, upright plants are literally covered by huge clusters all summer.	
Yellow Pinocchio (Pat. No. 992)	1.50
Another thrilling Pinocchio introduction in apricot-yellow. The flowers are double, long-lasting and are borne in profusion throughout the season.	

Climbing Roses

American Pillar	1.50
Lusty climber with clusters of single, sparkling pink flowers. Especially good at the seashore.	
Blaze	1.50
The world's most popular red climber. Brilliant, scarlet, fully double flowers of the "everblooming" variety will make a magnificent display all summer.	
Dorothy Perkins	1.50
The best climber for difficult conditions, such as slopes, at the seashore, hot and dry locations, etc. Single, clear pink blossoms.	
Dr. J. H. Nicolas (Pat. No. 457)	2.00
Truly an everblooming rose. New flowers appear continuously throughout the season. The blossoms are fully double 5 to 6 inches across, deep rose-pink of lasting, penetrating fragrance. A very choice climber.	

Climbing Roses (Continued)

Gold Rush	1.75
This is another everblooming climber which will produce large, fully double, deep golden flowers all season. One of the hardiest climbing Roses.	
High Noon	2.00
The dancing highlights of this golden yellow rose will make it one of your favorites. For added interest the golden petals are delicately streaked with pale pink.	
King Midas (Pat. No. 582)	2.00
This quick-growing, hardy rose will outflower other climbers. Huge, double blossoms in masses of pure lemon yellow on vigorous canes 8 to 10 feet long.	
Mary Wallace	1.50
The blossoms are large, Hybrid-Tea type, suitable for cutting. Colors are brilliant pink with faint yellow undertones. Extremely hardy and vigorous.	
New Dawn	1.50
The original everblooming climber, bearing multitudes of apple-blossom pink flowers from early June until frost. The double flowers have a delicate fragrance and are borne on long stems suitable for cutting.	
Paul's Scarlet Climber	1.50
Long the favorite scarlet climbing rose. The huge clusters of brilliant red flowers are borne in great profusion on sturdy, vigorous canes. The foliage is especially luxuriant.	
Silver Moon	1.50
The most widely grown white climbing rose because of its extremely vigorous growth, adaptability to soil and location, as well as faithfulness in flowering. Blossoms are larger than most, of a glistening pure white with golden yellow stamens. Also good at the seashore.	

Lawn Seed**All Turf Sunny**

2 lbs. \$2.85	Blended to produce a luxuriant, permanent lawn. 90% turf building
5 lbs. 7.00	grasses composed of Kentucky Blue Grass, Chewing's Fescue, Illahee Fescue, Colonial Bent and Red Top.

All Turf Shady

2 lbs. \$2.85	The finest shady lawn mixture, composed of Chewing's Fescue, Creeping Red Fescue, Poa trivialis, Red Top and Perennial Rye.

PEAT MOSS

Peat moss is one of the finest of soil conditioners. It will absorb as much as 20 times its own weight in moisture, and retain this moisture in available form for thirsty plant roots.

Peat will help to lighten a heavy soil and will also add humus to a light sandy soil. Use it in a mixture of $\frac{1}{3}$ peat to $\frac{2}{3}$ loam when filling around plants.

When used as a mulch, especially around evergreens and azaleas, it keeps the soil cool around the roots and reduces weed growth.

Available in: **Large bales** **Handy bales**

Shipping Directions

Customers are requested to state explicitly the method by which they wish stock forwarded. When no route or method is designated we exercise our best judgment. Shipments may be made by express, freight or parcel post. Truck deliveries can readily be arranged. Prices, however, are at North Abington, Massachusetts. Transportation and delivery are additional with these exceptions — we will deliver without charge any of the Roses listed on pages 50 to 54, perennials, and herbs when remittance accompanies order.

Important

When orders are shipped by means other than our own carriers add 10% of the order to help defray the cost of crating and packing.

Conditions of Sale

The articles herein listed will be furnished in accordance with the following schedule:

1 to 4 plants of one kind and size will be priced at the each rate, when an each rate is given.

5 to 24 plants of one kind and size will be priced at the ten rate, when a ten rate is given.

25 or more plants of one kind and size will be furnished at the hundred rate, when a hundred rate is given.

Specimen plants, selected by the customer or by his representative, will be priced according to their individual values.

With few exceptions the plant names used conform to "Standardized Plant Names."

Guarantee

We guarantee our plants to be healthy and free from injurious insects, to be dug carefully and packed properly for safe shipment. If damaged in transit, a claim should be made upon receipt, notifying carrier and us of the circumstances. If plants prove to be other than true to name, we will supply new ones at the first proper planting season following such claim, but in no case do we assume liability for more than the original purchase price. You can guarantee their success by giving them proper care.

Terms

Our terms are cash. Charge accounts, for 30-day credit, may be opened upon receipt of satisfactory credit references, allowing us time for investigation. All accounts unpaid after due date will be subject to sight draft without further notice. C.O.D. express shipment will be made (with collection charges added to the bill) only when order is accompanied by a deposit of at least 25 per cent of the amount of the bill.

Prices are subject to change without notice
